The Naval War Against Hitler:

The Naval War Against Hitler Donald G. F. W. Macintyre, 1971 **The Naval War Against Hitler** Donald G. F. W. Macintyre, 1971 **Hitler Vs. Roosevelt** Thomas Andrew Bailey, Paul B. Ryan, 1979 Bogen handler om truslen imod den civile s fart og tr fninger mellem amerikanske og tyske fl deenheder og is r i Nordatlanten forud for Pearl Harbor og det politiske efterspil derp Den handler defor samtidig om de to statsm nd Hitler og Roosevelt deres signaler og g rem l i en krig som forel big var uerkl ret uofficiel **The naval War against Hitler** Donald Macintyre, 1971 **The War With Hitler's Navy** Adrian Stewart, 2018-10-30 As this well researched work reveals Hitlers handling the German Navy during the Second World War was full of contradictions The seriousness of the U boat threat was never in doubt and in the dark days of 1940 1942 the Donitzs daring strategy coupled with the courage and determined actions of the captains and crews became perilously close to starving Britain into submission But despite having built and nurtured a surface fleet with capital ships of formidable power Hitler was uncharacteristically cautious of employing them aggressively Examination of the reasons for this make for fascinating reading possibly stemming from the early loss of the Graf Spee and the fact that whenever possible the Royal Navy threw all its weight regardless of cost at the Nazi threat the loss of the Hood in the pursuit of the Bismarck being one example Even Goebbels could not spin the loss of a battleship The War against Hitlers Navy describes in fascinating detail the many fronts on which the adversaries faced each other and analyzes the reasons for the ultimate outcome **Hitler's U-Boat War** Clay Blair, 2010-07-21 Clay Blair s best selling naval classic *Silent Victory* The U S Submarine War Against Japan is regarded as the definitive account of that decisive phase of the war in the Pacific Nine years in the making Hitler s U boat War is destined to become the definitive account of the German submarine war against the Allies or The Battle of the Atlantic It is an epic sea story the most arduous and prolonged naval battle in all history For a period of nearly six years the German U boat force attempted to blockade and isolate the British Isles in hopes of forcing the British out of the war thereby thwarting the Allied strategic air assault on German cities as well as Overlord the Allied invasion of Occupied France Fortunately for the Allies the U boat force failed to achieve either of these objectives but in the attempt they sank 2 800 Allied merchant ships while the Allies sank nearly 800 U boats On both sides tens of thousands of sailors perished The top secret Allied penetration of German naval codes and conversely the top secret German penetration of Allied naval codes played important roles in the Atlantic naval battle In order to safeguard the secrets of codebreaking in the postwar years London and Washington agreed to withhold all official codebreaking and U boat records Thus for decade upon decade an authoritative and definitive history of the Battle of the Atlantic could not be attempted The accounts that did appear were incomplete and full of errors of fact and false interpretations and conclusions often leaving the entirely wrong impression that the German U boats came within a whisker of defeating the Allies a myth that persists When London and Washington finally began to release the official records in the 1980s Clay Blair and his wife Joan commenced work on this

history in Washington London and Germany They relied on the official records as well as the work of German British American and Canadian naval scholars who published studies of bits and pieces of the story The end result is this magnificent and monumental work crammed with vivid and dramatic scenes of naval actions and dispassionate but startling new revelations and interpretations and conclusions about all aspects of the Battle of the Atlantic The Blair history will be published in two volumes This first volume The Hunters covers the first three years of the war August 1939 to August 1942 Told chronologically it is subdivided into two major sections the War Against the British Empire and the War Against the Americas Volume II The Hunted to follow a year later will cover the last years of the naval war in Europe August 1942 to May 1945 when the Allies finally overcame the U boat threat Never before has Hitler s U boat war been chronicled with such authority fidelity objectivity and detail Nothing is omitted Even those who fought the Battle of the Atlantic will find no end of surprises Later generations will benefit by having at hand an account of this important phase of World War II free of bias and mythology

Hitler's War Beneath the Waves Michael FitzGerald,2020-01-01 At the beginning of World War II the devastating impact of German submarines on both the Royal Navy and merchant shipping saw Britain on the brink of starvation and defeat The enemy was formidable U boat crews saw themselves as an elite and they preferred to scuttle their vessels at the end of the war rather than surrender They suffered the heaviest losses of any branch of the German services out of 40 900 men 28 000 were killed and 5 000 taken prisoner by 1945 the average age was 19 and the survival rate was only three missions This is the story of how the Allies redressed the balance of power focusing in particular on the role of the wolfpacks of U boats in the Atlantic whose stealthy presence beneath the waves ensured that British ships dined with death every time they put to sea
