The New Emperors:

New Emperors: China... Harrison E. Salisbury, 1993-05-01 The concept of emperor in China is intimately associated with that of the dragon China's dragons guardians of the throne are unlike those of the West They are benign and protective but can turn like terrible emperors on the people If they do so it is the fault of the people not the dragons They breathe fire and thrash their tail only if betrayed a convenient concept for an emperor

The Last Emperors Evelyn S. Rawski, 1998-11-15 The Qing Dynasty 1644 1911 was the last and arguably the greatest of the conquest dynasties to rule China Its rulers Manchus from the north held power for three centuries despite major cultural and ideological differences with the Han majority In this book Evelyn Rawski offers a bold new interpretation of the remarkable success of this dynasty arguing that it derived not from the assimilation of the dominant Chinese culture as has previously been believed but rather from an artful synthesis of Manchu leadership styles with Han Chinese policies

Year of the Four Emperors Kenneth Wellesley, 2002-09-11 After Nero's notorious reign the Romans surely deserved a period of peace and tranquility Instead during AD69 three emperors were murdered Galba just days into the post Otho and Vitellius The same year also saw civil war in Italy two desperate battles at Cremona and the capture of Rome for Vespasian which action saw the fourth emperor of the year but also brought peace This classic work now updated and reissued under a new title is a gripping account of this tumultuous year Wellesley also focuses on the year's historical importance which also marked the watershed between the first and second imperial dynasties

The Emperors and Empresses of Russia Donald J. Raleigh, A.A. Iskenderov, 2015-02-24 Since glasnost began Russia's most eminent historians have taken advantage of new archival access and the end of censorship and conformity to reassess and reinterpret their history Through this process they are linking up with Russia's great historiographic tradition while producing work that is fresh and modern In The Emperors and Empresses of Russia renowned Russian historians tell the story of the Romanovs as complex individual personalities and as key institutional actors in Russian history from the empire builder Peter I to the last tsar Nicholas II These portraits are contributions to the writing of history partaking neither of wooden ideologisation nor of naive romanticisation

Enigma of the Emperors Ben-Ami Shillony, 2021-10-01 This important new and original study on the institution of the Japanese emperors from their mythological beginnings to the present day focuses on the enigma of the institution itself namely the extraordinary continuity of the Japanese dynasty which is unknown anywhere else in the world yet which is now at risk on account of more recent

laws of succession The prisms through which this remarkable achievement is examined are the notions of divinity gender and subservience The volume is divided into nine sections Strange Survival The Feminine Beginnings of the Japanese Monarchy Empresses and Consorts Subservience as Power Rising Fortunes in an Era of Peace Meiji the National Father Figure The Elusive Divinity of the Modern Emperors Return to Sacred Subservience Continuity in Danger Based on earlier research first published in Japanese Haha Naru Tenno Enigma of the Emperors adds significantly to the existing corpus of work on this subject addressing many traditional preconceptions and misconceptions along the way Accordingly it will undoubtedly be welcomed within scholarly circles as well as being of particular interest to a wider readership not least because of its relevance in the context of the major contemporary issues surrounding the future of the dynasty in the twenty first century

Year of the Four Emperors K. A. Khan,2023-09-28 the plotline is meticulous and engrossing and the characters are intricately crafted Literary Titan It is 1001 Anno Rex and the emperor of the Empire of Kristianborg the tyrannical Severus Valentinian has been assassinated Severus leaves behind four sons each born by a different queen consort but without declaring an heir before his death the throne lies vacant Zeno Andronikos Leo and Commodus all covet the illustrious title of emperor However they will need the support of the Council of Archons and the power of the Yeneceri army the most prominent most formidable soldiers in the dominion to obtain it Zeno s mother Eleonora Ulrika who climbed the ranks from a woman of lesser nobility to a powerful consort uses all her wit charm and appeal to gain support for her son She has spent years guiding him to become a competent warrior and military leader especially for this very moment However the other queen consorts are no delicate flowers and each wants her son on the throne Battles murder bribes and treachery ensue as each vies for the pinnacle of power Yet against this backdrop of politics war and a fight for the throne lies something more sinister something more threatening something no one empire of men can hold back A tale of politics intrigue war and lust Year of the Four Emperors sets the stage for the forthcoming books in The Grand Duchess series **A History of Rome**
