Destiny: Christy's Choice Tamara L Adams, 2016-04-18 She's chasing her future. Fate just gave her two. At nineteen, Christy feels the pressure closing in. Her family's farm is her home, but college life offers her the freedom she's never had. One world is safe and familiar. The other is bold and thrilling. She thought she had time to figure it out until the Guardian of Destiny, mysterious, otherworldly, and dead serious, shows up with a jaw-dropping offer: see both futures. Choose one. Suddenly, Christy's living out two versions of her life, and both are full of heart-pounding romance, late-night temptation, and gut-wrenching choices. One future brings her back to the boy she loves. The other introduces her to a whole new kind of fire. Love, identity, loyalty, and lust collide as Christy stands on the edge of adulthood. Every choice feels permanent. Every kiss unforgettable. And time is running out. Set between the sun-drenched fields of home and the charged energy of a college town, this 23,000-word steamy New Adult romance is perfect for fans of Colleen Hoover and Elle Kennedy. With just a touch of the supernatural and a whole lot of heart, it's a raw emotional journey of love, self-discovery, and second chances. Two lives. Two loves. One heart-wrenching choice. What would you choose: comfort or courage? *Working Mother*, 1994-08 The magazine that helps career moms balance their personal and professional lives. *Good Kids, Tough Choices* Rushworth M. Kidder, 2010-09-27 A practical analysis and inspiring guide for teaching kids ethical fitness. Parents are beginning to realize that deficiencies in ethics and character are becoming a big problem among our nation's children. According to the latest data, lying, cheating, and rampant insensitivity to other people are increasingly common. What can parents do? In this book, ethics expert Rushworth Kidder shows how to customize interventions to a child's age and temperament. He encourages parents not to give up, since what they do can always make a difference, regardless of how long or deep the bad habits of dishonesty may be. Encourages parents to intervene early and re-establish children on the right course. Explores the keys to ethical behavior: honesty, responsibility, respect, fairness, and compassion. All of Kidder's practical advice is based on the latest psychological and neuroscientific research about how kids develop character and learn what's right and wrong. *The MoneySmart Family System* Steve Economides, Annette Economides, 2012-08-20 Is it possible to raise financially responsible kids of any age in a

society filled with consumerism and entitlement New York Times best selling authors Steve and Annette Economides raised their five kids while spending 77 percent less than the USDA predicted And the money they did spend was also used to train their children to become financially independent The MoneySmart Family System will show you how to teach your children to manage money and have a good attitude while they re learning to earn budget and spend wisely Learn how to Get the kids out the door for school with less stress End the battle over clothing forever Teach your children to be grateful and generous Inspire your kids to help with chores as a member of a winning team Prepare your kids for their first paying job Help your kids pay for their own auto insurance and even pay cash for their own cars Employ strategies for debt free college educations Truly help your adult children when they want to move back home Be prepared to deal with your adult children when they ask for bailouts With clear steps for children of every age The MoneySmart Family System proves that it s never too early too late or too hard to start learning financial responsibility Every parent or parent to be should read this book Dr Laura Schlessinger

Teaching Kindergarten Julie Diamond,Betsy Grob,Fretta Reitzes,2015 Today s kindergarten teachers face enormous challenges to reach district mandated academic standards This book presents a model for 21st century kindergartens that is rooted in child centered learning and also shaped by the needs and goals of the present day Classroom teachers working with diverse populations of students and focusing on issues of social justice provide vivid descriptions of classroom life across urban and rural communities Teacher reflections and commentary from the editors link teacher decisions to principles of good practice Teaching Kindergarten illustrates how a progressive learning centered approach can not only meet the equity and accountability goals of the Common Core State Standards but go well beyond that to educate the whole child Book Features Rich examples of learner centered teaching in diverse public school settings Depictions of integrated curricula in science social studies math arts and language arts that address Common Core and other standards Connections to recent developmental research and pedagogy Programs promoting social and cultural awareness Photographs of children s projects and a list of children s books The teachers you are about to read tell stories no one has heard before at a time when it is difficult to hear the individual voices in the classroom No grade level needs this soul searching examination more than kindergarten This book maps a remarkable number of journeys toward this goal I hope teachers will be inspired to add their own voices to the process of renewal Vivian Gussin Paley internationally renowned educator author and classroom teacher We need this book It speaks eloquently to what good practice looks like in real schools as well as what it means to be a good teacher These are stories of amazing educators whose work addresses what equity is all about starting with 5 year olds It s too bad the next 12 years of school are not more like these kindergarten classrooms Deborah Meier education activist senior scholar at New York University s Steinhardt School of Education The Hacker Mindset Garrett Gee,2024-06-11 USA TODAY BESTSELLER For the countless people feeling trapped in their jobs and whose talents aren t being fully utilized this book offers a wake up call to break free from the constraints of ordinary

employment and achieve true financial freedom When boy genius Garrett Gee started working for the federal government at age 15 he figured fame and fortune were only a stone s throw away Despite impressive credentials and enormous potential in the world of computer hacking Gee found himself years later as just another salaried employee He soon realized that though he was a hacker at work he was a slacker when it came to leading his own life But as soon as he applied his meticulous hacker mindset to his personal life everything changed and success rolled in quickly Those who feel unfulfilled and stuck in the system unable to realize their dreams as their careers merely bump along can use this same hacker mindset in any situation or industry to overcome obstacles and identify the quickest path to true success a success they can define for themselves Drawing on decades of experience in cybersecurity Gee outlines our innate hacker abilities in the face of society s best efforts to brainwash us to be slackers and he offers readers practical advice alongside the six principles of the hacker mindset Be on Offense Reverse Engineering Living Off the Land Risk Social Engineering Pivot For anyone seeking to ascend the corporate ladder leave their job to start their own business or obtain greater freedom in their life The Hacker Mindset is an essential guide to hacking established systems in any sphere and unlocking one s fullest potential **Celebrating Every**
