Nathan Pieplow,2019 A comprehensive field guide that uses an innovative Sound Index to allow readers to quickly identify unfamiliar songs and calls of birds in western North America Bird songs and calls are at least as important as visual field marks in identifying birds Yet short of memorizing each bird s repertoire it s difficult to sort through them all Now with the western edition of this groundbreaking book it s possible to visually distinguish bird sounds and identify birds using a field guide format At the core of this guide is the spectrogram a visual graph of sound With a brief introduction to five key aspects speed repetition pauses pitch pattern and tone quality readers can translate what they hear into visual recognition without any musical training or auditory memorization The Sound Index groups similar songs together narrowing the identification choices quickly to a brief list of birds that are likely to be confused because of the similarity of their songs Readers can then turn to the species account for more information and or listen to the accompanying audio tracks available online Identifying birds by sound is arguably the most challenging and important skill in birding This book makes it vastly easier to master than ever before **Hinterland Remixed** Andrew Burke,2019-11-06 Like the flute melody from Hinterland Who s Who the 1970s haunt Canadian cultural memory Though the decade often feels lost to history Hinterland Remixed focuses on boldly innovative works as well as popular film television and music to show that Canada never fully left the 1970s behind Andrew Burke reveals how contemporary artists and filmmakers have revisited the era s cinematic and televisual residues to uncover what has been lost over the years Investigating how the traces of an analogue past circulate in a digital age Burke digs through the remnants of 1970s Canadiana and examines key audiovisual works from this overlooked decade uncovering the period s aspirations desires fears and anxieties He then looks to contemporary projects that remix remediate and reanimate the period Exploring an idiosyncratic selection of works from Michael Snow s experimental landscape film *La Région Centrale* to SCTV s satirical skewering of network television to L'Atelier national du Manitoba s video lament for the Winnipeg Jets this book asks key questions about nation nostalgia media and memory A timely intervention Hinterland Remixed demands we recognize the ways in which the unrealized cultural ambitions and unresolved anxieties of a previous decade continue to resonate in our current lives **Newbery Award Winning Authors** ,
