Song of the Pines Liz Chrysler, 2004-10 This book presents family life on a farm in the early 20th century of rural Carmel Louisiana as well as the beginning of oil exploration and drilling in the area The story begins with tales of school days in a one room schoolhouse The chief character is a girl with dreams of becoming a school teacher Her dreams collapse when she is unable to go into town for high school In her disappointment she walks into the pine woods seeking solace She stops at the Little Rock Chapel in the woods where she prays for God s help in her life Here she meets a sympathetic stranger As they visit she discovers this new friend is actually a ghost the spirit of a great great grandmother Awakened from her grave by an oil company drilling in the family cemetery she sought this young grandchild aware she needed encouragement She tells Lenora so much the girls swears she s had a history lesson Love and faith provide strength for life even with hardships There are tremendous challenges to the country girl in this new life She holds precious the memories of her home in the pine hills and her beloved family including the spirit of one she d never really known in life Challenge after challenge arises but with faith in God and stamina learned on the farm Lenora s new transient family never gives up **Song of the Pines and**

The Forgotten Songs of the Newfoundland Outports Anna Kearney Guigné, 2016-12-12 In 1951 musician Kenneth Peacock 1922 2000 secured a contract from the National Museum of Canada today the Canadian Museum of History to

collect folksongs in Newfoundland As the province had recently joined Confederation the project was deemed a goodwill gesture while at the same time adding to the Museum s meager Anglophone archival collections Between 1951 and 1961 over the course of six field visits Peacock collected 766 songs and melodies from 118 singers in 38 communities later publishing two thirds of this material in a three volume collection Songs of the Newfoundland Outports 1965 As the publication consists of over 1000 pages Outports is considered to be a bible for Newfoundland singers and a valuable resource for researchers However Peacock s treatment of the material by way of tune text collations use of lines and stanzas from unpublished songs has always been somewhat controversial Additionally comparison of the field collection with Outports indicates that although Peacock acquired a range of material his personal preferences requeently guided his publishing agenda To ensure that the songs closely correspond to what the singers presented to Peacock the collection has been prepared by drawing on Peacock s original music and textual notes and his original field recordings The collection is far ranging and eclectic in that it includes British and American broadsides musical hall and vaudeville material alongside country and western songs and local compositions It also highlights the influence of popular media on the Newfoundland song tradition and contextualizes a number of locally composed songs In this sense it provides a key link between what Peacock actually recorded and the material he eventually published As several of the songs have not previously appeared in the standard Newfoundland collections The Forgotten Songs sheds new light on the extent of Peacock s collecting The collection includes 125 songs arranged under 113 titles along with extensive notes on the songs and brief biographies of the 58 singers Thanks to the Research Centre for the Study of Music Media and Place a video of the launch event held in St John s Newfoundland is available at <https://www.youtube.com/watch?v=ghj6E6QiLI&t=21s> Published in English
