Songs Of War:

The Four Hundred Songs of War and Wisdom George L. Hart, Hank Heifetz, 2002-08-21 Two prominent translators present the first complete English language edition of one of India's greatest works of classical literature the Purananuru. This anthology of four hundred poems by more than 150 poets between the first and third centuries CE in old Tamil the literary language of ancient Tamilnadu was composed before Aryan influence had penetrated the south. It is thus a unique testament to pre-Aryan India. Beyond its importance for understanding the development of South Asia's history, culture, religion, and linguistics, the Purananuru is a great work of literature reflecting accurately and profoundly the life of southern India 2,000 years ago. One of the few works of classical India that confronts life without the insulation of a philosophical facade and that makes no basic assumptions about karma and the afterlife, the Purananuru has universal appeal. It faces the world as a great and unsolved mystery, delving into living and dying, despair, love, poverty, and the changing nature of existence. To this hidden gem of world literature, George L. Hart and Hank Heifetz add a helpful appendix, an annotated bibliography, and an excellent introduction describing the work and placing it in its social and historical context. **The Book of Battle Songs. A Collection of the War Songs of Various Nations, and a Selection of Curious Popular Lyrics, ... Chiefly from the Languages of the North and the East. (Rendered by Various Translators.) With Remarks on the Poetry of Martial Enthusiasm** Cyril Aston FANSHAW, 1859 *Songs of the Civil War* Irwin Silber, Jerry Silverman, 1995-01-01 Reprint. Originally published New York: Columbia University Press, 1960. **Songs of the Vietnam Conflict** James E. Perone, 2001-08-30 Offering the widest scope of any study of one of popular music's most important eras, *Songs of the Vietnam Conflict* treats both anti-war and pro-government songs of the 1960s and early 1970s from widely known selections such as *Give Peace a Chance* and *Blowin' in the Wind* to a variety of more obscure works. These are songs that permeated the culture through both recordings and performances at political gatherings and concerts alike, and James Perone explores the complex relationship between music and the society in which it is written. This music is not merely an indicator of the development of the American popular song; it both reflected and shaped the attitudes of all who were exposed to it. Whereas in previous wars musicians rallied behind the government in the way of Aaron Copland and Samuel Barber, the Vietnam conflict provoked anger, frustration, and rage, all of which comes through in the songs of the time. This reference work provides indispensable coverage of this phenomenon in chapters devoted to Anti-War Songs, Pro-Government Songs, and what might be called Plight of the Soldier or Veteran songs. A selected discography guides the reader to the most notable recordings, all of which together provide a unique and important perspective on perhaps the 20th century's most contentious time. *Catalogue of War Publications*, 1917 *Songs of Social Protest* Aileen Dillane, Martin J. Power, Eoin Devereux, Amanda Haynes, 2018-09-30 *Songs of Social Protest* is a comprehensive companion guide to music and social protest globally. Bringing together scholars from a range of fields, it explores a wide range of examples of and contexts for

songs and their performance that have been deployed as part of local regional and global social protest movements both in historical and contemporary times Topics covered include AestheticsAuthenticityAfrican American MusicAnti capitalismCommunity Collective MovementsCounter hegemonic Discourses Critical PedagogyFolk MusicIdentityMemoryPerformancePopular Culture By placing historical approaches alongside cutting edge ethnography philosophical excursions alongside socio political and economic perspectives and cultural context alongside detailed musicological textual and performance analysis Songs of Social Protest offers a dynamic resource for scholars and students exploring song and singing as a form of protest **Dogon Songs of Life and Death** W.E.A. van Beek,Oumarou S.

Ongoiba,Atimè D. Saye,2025-04-24 Though the Dogon are well described their culture still holds surprises One of these is the cycle of songs called baja ni which is at the heart of their funerary rites These songs are attributed to a historic author a blind poet prophet who roamed the area in the nineteenth century and left a huge heritage of songs and prophecies This book gives the full text of one performance of this legacy The lyrics cover a range of topics from comments on historical events to philosophical musings about life and death and from remembering the departed to celebrating the joys of being alive *The Forgotten Songs of the Newfoundland Outports* Anna Kearney Guigné,2016-12-12 In 1951 musician Kenneth Peacock 1922 2000 secured a contract from the National Museum of Canada today the Canadian Museum of History to collect folksongs in Newfoundland As the province had recently joined Confederation the project was deemed a goodwill gesture while at the same time adding to the Museum s meager Anglophone archival collections Between 1951 and 1961 over the course of six field visits Peacock collected 766 songs and melodies from 118 singers in 38 communities later publishing two thirds of this material in a three volume collection Songs of the Newfoundland Outports 1965 As the publication consists of over 1000 pages Outports is considered to be a bible for Newfoundland singers and a valuable resource for researchers However Peacock s treatment of the material by way of tune text collations use of lines and stanzas from unpublished songs has always been somewhat controversial Additionally comparison of the field collection with Outports indicates that although Peacock acquired a range of material his personal preferences frequently guided his publishing agenda To ensure that the songs closely correspond to what the singers presented to Peacock the collection has been prepared by drawing on Peacock s original music and textual notes and his original field recordings The collection is far ranging and eclectic in that it includes British and American broadsides musical hall and vaudeville material alongside country and western songs and local compositions It also highlights the influence of popular media on the Newfoundland song tradition and contextualizes a number of locally composed songs In this sense it provides a key link between what Peacock actually recorded and the material he eventually published As several of the songs have not previously appeared in the standard Newfoundland collections The Forgotten Songs sheds new light on the extent of Peacock s collecting The collection includes 125 songs arranged under 113 titles along with extensive notes on the songs and brief biographies of the
