Sorrow's Web Anne Sheffield, 2001-02-21 Drawing on her experience of growing up with a depressed mother and then years later of becoming a depressed mother herself Books for a Better Life winner Anne Sheffield casts long overdue light on the grave threat to the health and happiness of millions of women and their children posed by maternal depression One of every four women suffers from depression at some point in her life often during the prime childbearing years yet most fail to recognize the true source of their lack of joy in life and in parenting their irritability and exhaustion and the flawed personal relationships that characterize this common treatable disease With honesty and empathy Sheffield uses her own story as a springboard to alert other mothers to the dangers their unrecognized depression holds not only for themselves but also for their children whose risk of developing the illness is three times higher than the risk to children of non depressed parents She draws on extensive research by experts in psychiatry psychology and child development to explain why and how children with a depressed mother may lose out on a rewarding social life perform below their academic potential or fall victim to substance abuse Chapters on each age group infancy and toddlerhood school age and adolescence pinpoint the symptoms and effects of a mother's depression on her children and offer advice on how to recognize these effects and so lessen or avoid them And because depression's fallout destroys family cohesion and harmony Sheffield draws attention to its impact on marital relations and outlines a strategy for fathers that will help them and their children weather the crisis The detailed information in Sorrow's Web about how to treat depression at any period in a mother's life during pregnancy or following delivery when her children are teenagers or later in life will help readers of all ages choose wisely from the range of medical and psychotherapeutic options available Sheffield offers insider tips on how to tell the difference between good and poor practitioners how to ensure that the illness does not return and how to recognize and respond to warning signs of depression in vulnerable children Dedicated to the author's daughter Sorrow's Web seamlessly weaves together real life stories with street smart advice As the first book to demystify destigmatize and humanize a long taboo subject it points the way to sustaining and regaining a loving relationship between mother and child **A Deeper Shade of Blue** Ruta Nonacs, 2006

Depression affects women almost twice as often as men with about one in four women suffering from it at some point in her lifetime While depression may strike at anytime studies show that women appear to be particularly vulnerable during their childbearing years This comprehensive and empathetic book confronts the seldom talked about issue of pregnancy related depression identifying symptoms treatments and cures for this constellation of serious underdiagnosed and surprisingly common emotional conditions **Helping Those Experiencing Loss** Robert J. Grover Professor Emeritus, Susan G.

Fowler, 2011-07-13 This book provides a guide for grieving youth and adults as well as extensive descriptive lists of recommended professional literature resources Grief caused by loss is both a very common human experience and a highly individualized one For example children experience a number of losses that are unique to their young age such as sibling and

parent death adoption or divorce and should be given special consideration by professionals and parents helping them in these situations For gay lesbian or cohabiting heterosexual couples that suffer the loss of a partner societal standards often deny the survivors in these relationships the right to grieve Helping Those Experiencing Loss A Guide to Grieving Resources is a book like no other supplying compassionate information for navigating the emotional distress that every man and woman will experience in their lifetime as well as a comprehensive guide to the literature of bereavement and grieving It explains the grieving process interpreting the results of research on the topic in plain language and addressing specific groups children young adults parents who have lost a child adults who have lost spouses and the aging population **Oxford**

childrenworking with children who have been bereaved in traumatic circumstances such as through criminal behaviorskills development The list of resources case studies and exercises encourage critical engagement with the counselling theory and promote reflexive practice Trainees in counselling psychotherapy and social work as well as teachers and mental health workers will find this an invaluable resource for working with this vulnerable client group *Crossover Picturebooks* Sandra

L. Beckett,2013-06-17 This book situates the picturebook genre within the widespread international phenomenon of crossover literature examining an international corpus of picturebooks including artists books wordless picturebooks and celebrity picturebooks that appeal to readers of all ages Focusing on contemporary picturebooks Sandra Beckett shows that the picturebook has traditionally been seen as a children s genre but in the eyes of many authors illustrators and publishers it is a narrative form that can address any and all age groups Innovative graphics and formats as well as the creative often complex dialogue between text and image provide multiple levels of meaning and invite readers of all ages to consider texts that are primarily marketed as children s books The interplay of text and image that distinguishes the picturebook from other forms of fiction and makes it a unique art form also makes it the ultimate crossover genre Crossover picturebooks are often

very complex texts that are challenging for adults as well as children Many are characterized by difficult adult themes genre blending metafictional discourse intertextuality sophisticated graphics and complex text image interplay Exciting experiments with new formats and techniques as well as novel interactions with new media and technologies have made the picturebook one of the most vibrant and innovative contemporary literary genres one that seems to know no boundaries Crossover Picturebooks is a valuable addition to the study of a genre that is gaining increasing recognition and appreciation and contributes significantly to the field of children's literature as a whole

Dr. Amit Singh, Preeti Varma, 2025-01-10 **Making Meaning of Loss** Richard L. Hayes, 2022-10-31 Making Meaning of Loss Change and Challenge Across the Lifespan is about how change brings loss to our lives how we make meaning of loss and how our experience with loss directs our encounters with loss in the future Each loss challenges us in this way to rethink our world view to ask who we have become and to reinvent ourselves anew Taking a lifespan approach Hayes examines how we make sense of the losses that change brings in each period of our lives and how the way in which we meet the challenge

that each loss brings directs our encounters with loss in the future In addition he provides suggestions for how earlier losses can become fruitful allies in encounters with change in the present and how caregivers can help others to make meaning of the loss in their lives Above all this book is about how caregivers can help others learn from the losses in their lives and to recognize what part of the past to bring along into the present in constructing a more reliable self for meeting the challenges of an uncertain future

Applied Mindfulness Victor G. Carrión, M.D., John Rettger, Ph.D., 2019-02-11 Applied Mindfulness Approaches in Mental Health for Children and Adolescents starts from the premise that mental health clinicians must have their own mindfulness practice before teaching the tenets and techniques of mindfulness to others including young people To that end the book offers readers clear instructions on how to first practice mindfulness in their own lives and then extend their personal practice outward to others Once this knowledge is internalized the clinician can focus on mindfulness in terms of its application to specific clinical diagnoses such as anxiety and depression attention deficit hyperactivity disorder and substance abuse Because many mental health professionals work in multiple settings such as in schools in clinics and online the contributors representing a wide range of creative and authoritative voices explain how to skillfully tailor mindfulness interventions for effective application across diverse contexts Drs Carrión and Rettger as Director of the Stanford Early Life Stress and Pediatric Anxiety Program SELSPAP and Director of SELSPAP's Mindfulness Program respectively have been engaged in ongoing community based work delivering mindfulness and yoga programming to underserved youth and their helpers This expertise is evident in their eloquent yet down to earth editing The volume offers clinicians everything they need to begin their mindfulness journey including the following Introductory knowledge on how to get started with a meditation practice Specific mindfulness scripts are provided throughout the book to

foster development of the reader's own practice. In addition, there are audio practices and clear written descriptions of practices to offer support for those learning to meditate, internalize mindfulness practices, and then adapt these skills for clinical practice. A developmental and ecological approach to implementing mindfulness. The book offers insight into integrating mindfulness across many settings, platforms, and applications, and includes chapters on mindfulness online at home and in school, as well as chapters on incorporating nature into mindfulness practice and the relationship between mindfulness and creativity. Material on specific clinical populations, including immigrant youth and incarcerated youth. A special chapter is devoted to trauma-informed yoga, which has been shown to be an effective therapeutic intervention for youth who have been incarcerated. Comprehensive information on the current state of youth mindfulness research, which prepares readers to discuss these topics knowledgeably with colleagues and patients. Like ripples in water, the benefits of mindfulness spread outward from clinicians to patients, families, schools, and communities. *Applied Mindfulness Approaches in Mental Health for Children and Adolescents* is the first step toward stress reduction, peace, and compassion for a new generation.
