## **Soul Trade:**

Soul Trade Thomas E. Sniegowski, Tom Sniegowski, Joss Whedon, 2001 Some people collect baseball cards some people collect Beanie Babies some people collect souls A vision of a young girl in pain leads Angel Doyle and Cordelia to the scene just moments too late the girl of the vision is being taken unconscious to hospital The only clue as to what could have happened to her is an ornate glass vial found at the foot of her bed which Doyle recognises as used for the containment of human souls It seems souls have many uses other than the obvious no two are alike and the soul of an innocent child is one of the most eagerly sought after items on the demonic black market Angel knows the value of a human soul for his is the source of his own salvation But can he find this young girl's in time to save her Nor is she the only one in danger For no sooner has Angel made his presence known than the demonic dealers in souls realise that there's another soul out there which is quite literally priceless a soul more unique than they could ever have dared to dream The Lion's Wisdom Uma

Shankari, 2019-09-10 In this channeled text a wise lion distraught by the condition of the world and its people tutors a human student about the part we all play in creating and preserving balance and harmony on Mother Earth An exploration of the true nature of the soul and spirituality The Lion's Wisdom will move you to see the world around you differently

homoerotic occurrence The Delectable Negro explores these connections between homoeroticism cannibalism and cultures of consumption in the context of American literature and US slave culture Utilizing many staples of African American literature and culture such as the slave narratives of Olaudah Equiano Harriet Jacobs and Frederick Douglass as well as other less circulated materials like James L Smith s slave narrative runaway slave advertisements and numerous articles from Black newspapers published in the nineteenth century Woodard traces the racial assumptions political aspirations gender codes and philosophical frameworks that dictated both European and white American arousal towards Black males and hunger for Black male flesh Woodard uses these texts to unpack how slaves struggled not only against social consumption but also against endemic mechanisms of starvation and hunger designed to break them He concludes with an examination of the controversial chain gang oral sex scene in Toni Morrison s Beloved suggesting that even at the end of the twentieth and beginning of the twenty first century we are still at a loss for language with which to describe Black male hunger within a plantation culture of consumption
