AWAKEN THE INNER LIGHT OLIVER. STONE, 2025

Let There Be Light Dr Arthur B Stein, Dr Andrew

Vidich, 2016-07-19 *Let There Be Light* celebrates the splendor of radiant Light that has been known embodied and taught by mystics saints and sages over the millennia Readers at every level will enjoy this book for its insights and message of hope Light is available to all who seek it with humility and grace Within the world's sacred scriptures many significant passages involve light be it the burning bush experience of the lawgiver Moses on Mount Sinai the light brighter than a thousand suns of which the Bhagavad Gita speaks or the teaching of Jesus of Nazareth If thine eye be single thy whole body shall be filled with light Matthew 6:22 KJV We seek to highlight in this book those who have experienced this divine light Numerous esoteric references to Inner Light appear not only in the scriptures of the distant past but also within the personal experiential accounts by Masters sages and seers across the centuries Also we draw upon wisdom stories and tales from many cultural and ethnic traditions We draw attention to a number of significant related references and accounts by teachers and practitioners of the closely related phenomenon of Inner Sound which is also known within various teachings or mystic lineages as audible sound current Naam Word celestial music or other descriptions Testimonies are provided by persons who have experienced aspects of Inner Light and Sound in a variety of circumstances outside of formal religious or spiritual contexts These may be precipitated for example by being profoundly moved by uplifting music sudden personal epiphanies near death experiences NDEs and during the dying process itself One common thread among great teachers sages and practitioners of spiritual traditions have emphasized throughout the ages is that Inner Light and enlightenment can be most directly accessed by utilizing meditation prayer and other contemplative practices Today humankind collectively is faced with a host of great challenges political socio economic and ecological which ultimately at their roots are primarily spiritual in nature Fortunately possibilities for transformational changes are also accessible Increasing numbers of people of all ages around the planet both individuals and collectively are seeking to tap into resources that will enhance self understanding and recognition of a deeper shared level of Self and consciousness within themselves and in the world Simply put can enough

persons of goodwill find sufficient common ground to pull together and live into being a unifying ethos for humanity What will it take to build a nonviolent sustainable world upon foundations of lovingkindness compassion cooperation and social justice It has becoming increasingly clear that there can be no real peace in the world until there is peace within and between religions It is encouraging in this regard to witness increased participation among the faith traditions in interfaith dialogue Harbingers of positive change include the new interspiritual movement which attracts people from a wide range of perspectives and highlights a growing awareness that the basic core of spiritual experience emerges from the same wellspring s We sincerely hope that Let There Be Light can help contribute to thoughtful questioning appreciative listening and openhearted dialogue as people with diverse origins come together to share their spiritual journeys with each other
