Theatres Roderick Ham, 2014-05-12 *Theatres Planning Guidance for Design and Adaptation* focuses on the design type and size, safety, acoustics, and lighting systems of theaters. Topics include access for the disabled, lavatories, restaurant, repair workshops, property store, scene dock, projection suites, amplifier racks, direct projection, stage management, performance control system, and access to lighting positions over the stage. The book also reviews the restoration of old theaters, conference facilities, art centers, and studio theaters, electrical and mechanical services, and administration.
