The TRUTH Momcilo Krstic, 2012-02-14 Today's humanity is lost and does not want to engage in error or ensure normality because millions of people suffer because of the undemocratic approach to this people If we take into account the truth that we are only human flesh and blood and everything else is imposed on us and dictate to us with lives The purpose of my presentation not to give any advice but inefficient response to the rapid changes that did not bring the wind but the human brain shows that our survival depends on these factors are not correct Flight crew it seems everything is in accordance normal life Repair is out of consideration when terrible things happen then it is all very late Every reader has to decide and to realize that it is so because every other move becomes fatal for everyone individually I would not want that to happen Adam and Eve did not create us to disappear and to kill each other they brought us the beauty and enjoyment We stepped on it and we will never justify that we are not guilty because we do not believe anything These wars that occur between nations are just a product of misunderstanding which in no case we cannot switch to someone else

because there is only one planet our country where people live So we do not respect them and normally we cannot expect welfare **ABA Journal** ,1987-10-01 The ABA Journal serves the legal profession Qualified recipients are lawyers and judges law students law librarians and associate members of the American Bar Association
