**Michael T. Davis, Emma
Macleod, Gordon Pentland**

Testaments Of Radicalism Memoirs Of Working Class Politicians 17901885:

Chartist Fiction Ian Haywood, 2016-06-17 First published in 1999 For the first time since their appearance in Chartist newspapers these two major radical narratives are reprinted in a single volume *The Political Pilgrim's Progress* combines Utopian politics with Bunyanesque satire to tell the story of the journey of Radical and his family from the City of Plunder to the City of Reform Sunshine and Shadow is the only serialized novel to have been published in the *Northern Star* It brings together fictional biography and historical chronicle to form the first truly working class novel Both texts offer a unique insight into the literary achievements of the Chartist movement and will be a valuable and entertaining source for scholars of radical politics The texts are fully annotated and the editor also provides an introduction to each story and a bibliography of recent scholarship

The Happiness of the British Working Class Jamie L. Bronstein, 2023-01-10 For working class life writers in nineteenth century Britain happiness was a multifaceted emotion a concept that could describe experiences of hedonic pleasure foster and deepen social relationships drive individuals to self improvement and lead them to look back over their lives and evaluate whether they were well lived However not all working class autobiographers shared the same concepts or valorizations of happiness as variables such as geography gender political affiliation and social and economic mobility often influenced the way they defined and experienced their emotional lives *The Happiness of the British Working Class* employs and analyzes over 350 autobiographies of individuals in England Scotland and Ireland to explore the sources of happiness of British working people born before 1870 Drawing from careful examinations of their personal narratives Jamie L Bronstein investigates the ways in which working people thought about the good life as seen through their experiences with family and friends rewarding work interaction with the natural world science and creativity political causes and religious commitments and physical and economic struggles Informed by the history of emotions and the philosophical and social scientific literature on happiness this book reflects broadly on the industrial era working class experience in an era of immense social and economic change

The politics of regicide in England, 1760-1850 Steve Poole, 2018-09-30 Reappraises the often complex relationship between British monarchs and some of their more troublesome subjects in the age of revolutions Casts new light upon the contested languages of constitutionalism contract theory and the rights of petition and provokes fresh controversy over the viability of monarchies in the modern world

Dartmouth and the World Henry C. Clark, 2022-03-10 For the 250th anniversary of the founding of Dartmouth College the Political Economy Project at Dartmouth assembled a stellar cast of junior and senior scholars to explore the systemic conditions facing those seeking to found a new college two hundred fifty years ago What were the key political economic and religious parameters operating in the Atlantic world at the time of the College's founding What was the religious scene like at the moment when the Rev Samson Occom of the Mohegan nation and the Rev Eleazar Wheelock of Connecticut two men from very different backgrounds whose improbable meeting occurred during the Great Awakening of the early 1740s set about establishing a

new school in the northern woods in the 1760s How were the agendas of contemporaries differently mediated by the religious beliefs with which they acted on the one hand and the emerging thought world of political economy very broadly understood on the other These are among the rich and variegated topics addressed in *Dartmouth and the World* which breaks the mold of the traditional commemorative volume *The Road Not Taken* Frank McLynn, 2012-07-05 Britain has not been successfully invaded since 1066 nor in nearly 1 000 years has it known a true revolution one that brings radical systemic and enduring change The contrast with Britain's European neighbours France Germany Italy Spain Greece Russia is dramatic all have been convulsed by external warfare revolution and civil war and experienced fundamental change to their ruling elites or social and economic structures Frank McLynn takes seven occasions when Britain came closest to revolution the Peasants Revolt of 1381 the Jack Cade rebellion of 1450 the Pilgrimage of Grace in 1536 the English Civil Wars of the 1640s the Jacobite Rising of 1745 6 the Chartist Movement of 1838 48 and the General Strike of 1926 Why at these dramatic turning points did history finally fail to turn McLynn examines Britain's history and themes of social religious and political change to explain why social turbulence stopped short of revolution on so many occasions **Aspects of Calderdale** John Billingsley, 2002-07-01 The Aspects series takes readers on a voyage of nostalgic discovery through their town city or area This best selling series has now arrived for the first time in Calderdale John Billingsley has gathered a range of articles covering the whole history of the Pennine borough from pre history to the present day We start the journey through Calderdale with The Early Prehistory of Calderdale Then we are exposed to the transition of modern technology and the impact it has in From Quill to Computer Public Libraries in Halifax Calderdale can also have a claim to some well known authors in John Hartley The Yorkshire Burns and Archaeology of the Mouth Ted Hughes and his birthplace All these and much more help to shape Calderdale's distinctive and vibrant identity in Aspects of Calderdale **The Intellectual Life of the British Working Classes** Jonathan Rose, 2021-06-08 This is a landmark intellectual history of Britain's working classes from the preindustrial era to the twentieth century Drawing on workers memoirs social surveys library registers and more Jonathan Rose uncovers which books people read how they educated themselves and what they knew A new preface addresses the continuing relevance of the book amidst the upheavals of the present day An astonishing book Ian Sansom The Guardian A passionate work of history Rose has written a work of staggering ambition Daniel Akst Wall Street Journal Winner of the SHARP Book History Prize the American Philosophical Society's Jacques Barzun Prize and the British Council Prize cowinner of the Longman History Today Book of the Year Prize for 2001 named one of the finest books of 2001 by The Economist **Our Original Rights as a People** Ariane Schnepf, 2006 In their struggle for universal suffrage the Chartists adapted language to further their cause Adopting the prevailing keywords of the time and reformulating them within their own cultural environment the Chartists defined and redefined their own political identity and interpreted the situation they lived in This book is a case study of Chartism as an example of how radical political movements present themselves in

language and how they appear in networks of meaning Chartist vocabulary and keywords are studied in their historical context and decoded according to political social and cultural significance Set in constitutional politics of the time the Chartist network of keywords includes allusions to a radical past and reaches out into an imaginary future of a liberal market economy and social policy The three main concerns in the Chartist struggle were the individual Britain as a nation and the influence of political movements abroad Textual Practice Terence Hawkes,2005-08-08 First Published in 1989 Routledge is an imprint of Taylor Francis an informa company

Political Trials in an Age of Revolutions Michael T. Davis,Emma Macleod,Gordon Pentland,2018-12-30 This collection provides new insights into the Age of Revolutions focussing on state trials for treason and sedition and expands the sophisticated discussion that has marked the historiography of that period by examining political trials in Britain and the north Atlantic world from the 1790s and into the nineteenth century In the current turbulent period when Western governments are once again grappling with how to balance security and civil liberty against the threat of inflammatory ideas and actions during a period of international political and religious tension it is timely to re examine the motives dilemmas thinking and actions of governments facing similar problems during the Age of Revolutions The volume begins with a number of essays exploring the cases tried in England and Scotland in 1793 94 and examining those political trials from fresh angles including their implications for legal developments their representation in the press and the emotion and the performances they generated in court Subsequent sections widen the scope of the collection both chronologically through the period up to the Reform Act of 1832 and extending as far as the end of the nineteenth century and geographically to Revolutionary France republican Ireland the United States and Canada These comparative and longue dur e approaches will stimulate new debate on the political trials of Georgian Britain and of the north Atlantic world more generally as well as a reassessment of their significance This book deliberately incorporates essays by scholars working within and across a number of different disciplines including Law Literary Studies and Political Science

Right here, we have countless book **Testaments Of Radicalism Memoirs Of Working Class Politicians 17901885** and collections to check out.
