

Texas New Perspective

Charles David Gear

Texas New Perspective:

New Outlook, 1919 Texas Rupert N. Richardson, Cary D. Wintz, Adrian Anderson, Ernest Wallace, 2016-05-23 Written in a narrative style this comprehensive yet accessible survey of Texas history offers a balanced scholarly presentation of all time periods and topics From the beginning sections on geography and prehistoric people to the concluding discussions on the start of the twenty first century this text successfully considers each era equally in terms of space and emphasis **The Fate of Texas** Charles D. Grear, 2008-10 In its examination of a state too often neglected by Civil War historians The Fate of Texas presents Texas as a decidedly Southern yet in many ways unusual state seriously committed to and deeply affected by the Confederate war effort in a multitude of ways When the state joined the Confederacy and fought in the war its fate was uncertain The war touched every portion of the population and all aspects of life in Texas Never before has a group of historians examined the impact of the war on so many facets of the state *The New Outlook for the Blind*, 1927 *Why Texans Fought in the Civil War* Charles David Grear, 2012-09-01 In *Why Texans Fought in the Civil War* Charles David Grear provides insights into what motivated Texans to fight for the Confederacy Mining important primary sources including thousands of letters and unpublished journals he affords readers the opportunity to hear often in the combatants own words why it was so important to them to engage in tumultuous struggles occurring so far from home As Grear notes in the decade prior to the Civil War the population of Texas had tripled The state was increasingly populated by immigrants from all parts of the South and foreign countries When the war began it was not just Texas that many of these soldiers enlisted to protect but also their native states where they had family ties *Reconstruction in a Globalizing World* David Prior, 2018-01-02 As one of the most complexly divisive periods in American history Reconstruction has been the subject of a rich scholarship Historians have studied the period s racial views political maneuverings divisions between labor and capital debates about woman suffrage and of course its struggle between freed slaves and their former masters Yet on each of these fronts scholarship has attended overwhelmingly to the eastern United States especially the South thereby neglecting important transnational linkages This volume the first of its kind will examine Reconstruction s global connections and contexts in ways that while honoring the field s accomplishments move it beyond its southern focus The volume will bring together prominent and emerging scholars to showcase the deepening interplay between scholarships on Reconstruction and on America s place in world history Through these essays *Reconstruction in a Globalizing World* will engage two dynamic fields of study to the benefit of them both By demonstrating that the South and the eastern United States were connected to other parts of the globe in complex and important ways the volume will challenge scholars of Reconstruction to look outwards Likewise examining these same connections will compel transnationally minded scholars to reconsider Reconstruction as a pivotal era in the shaping of the United States relations with the rest of the world **Texas Literary Outlaws** Steven L. Davis, 2017-08-15 At the height of the sixties a group of Texas writers stood apart from Texas conservative establishment

Calling themselves the Mad Dogs these six writers Bud Shrake Larry L King Billy Lee Brammer Gary Cartwright Dan Jenkins and Peter Gent closely observed the effects of the Vietnam War the Kennedy assassination the rapid population shift from rural to urban environments Lyndon Johnson's rise to national prominence the Civil Rights Movement Tom Landry and the Dallas Cowboys Willie Nelson Jerry Jeff Walker the new Outlaw music scene the birth of a Texas film industry Texas Monthly magazine the flowering of Texas Chic and Ann Richards election as governor In Texas Literary Outlaws Steven L Davis makes extensive use of untapped literary archives to weave a fascinating portrait of writers who came of age during a period of rapid social change With Davis's eye for vibrant detail and a broad historical perspective Texas Literary Outlaws moves easily between H L Hunt's Dallas mansion and the West Texas oil patch from the New York literary salon of Elaine's to the Armadillo World Headquarters in Austin from Dennis Hopper on a film set in Mexico to Jerry Jeff Walker crashing a party at Princeton University The Mad Dogs were less interested in Texas mythic past than in the world they knew firsthand a place of fast growing cities and hard edged political battles The Mad Dogs crashed headfirst into the sixties and their legendary excesses have often overshadowed their literary production Davis never shies away from criticism in this no holds barred account yet he also shows how the Mad Dogs rambunctious personae have deflected a true understanding of their deeper aims Despite their popular image the Mad Dogs were deadly serious as they turned their gaze on their home state and they chronicled Texas culture with daring wit and sophistication Journal of Law and Technology at Texas Volume 1

JOLTT,2018-05-05 This is the first publication by the Journal of Law and Technology at Texas JOLTT JOLTT is committed to exploring the vast impact technology has on the policies and practice of law Our goal is to gather articles host events and bring speakers which serve to illuminate the changing legal landscape This first volume includes topics such as autonomous vehicles cybersecurity privacy reform autonomous surgery and the immunity of Internet intermediaries Thank you for your support You can reach us on social media or visit our website at <http://jolttx.com> The Texas Outlook,1916 *The Seventh Star of the Confederacy* Kenneth Wayne Howell,2009 On February 1 1861 delegates at the Texas Secession Convention elected to leave the Union The people of Texas supported the actions of the convention in a statewide referendum paving the way for the state to secede and to officially become the seventh state in the Confederacy Soon the Texans found themselves engaged in a bloody and prolonged civil war against their northern brethren During the course of this war the lives of thousands of Texans both young and old were changed forever This new anthology edited by Kenneth W Howell incorporates the latest scholarly research on how Texans experienced the war Eighteen contributors take us from the battlefield to the home front ranging from inside the walls of a Confederate prison to inside the homes of women and children left to fend for themselves while their husbands and fathers were away on distant battlefields and from the halls of the governor's mansion to the halls of the county commissioner's court in Colorado County Also explored are well known battles that took place in or near Texas such as the Battle of Galveston the Battle of Nueces the Battle of Sabine Pass and the Red River Campaign Finally

the social and cultural aspects of the war receive new analysis including the experiences of women African Americans Union prisoners of war and noncombatants

The Engaging Realm of Kindle Books: A Thorough Guide Unveiling the Benefits of E-book Books: A Realm of Convenience and Versatility E-book books, with their inherent portability and ease of access, have liberated readers from the limitations of hardcopy books.
