Anderson,Ernest Wallace,1997 Texas at the beginning of the twenty first century is a very different place than it was when the first edition of this text appeared over a half century ago Nevertheless Texas The Lone Star State remains at its core the work of Professor RupertNorvell Richardson one of the most respected Texas historians of the twentieth century Through the preceding seven editions this work has evolved as new material and new historical interpretations have made their way into the text and as new authors have joined the venture Adrian Anderson and Ernest Wallace joined the text for the third edition and Cary D Wintz joins for the eighth Adding to a strong narrative discussion of nineteenth century Texas are new materials and information that emphasize the role of women and minorities in Texas history the impact of industrialization and urbanization the social and demographic changes that have occurred in
