The Handbook Of Marriage And Marital Therapy

Michele Harway

The Handbook Of Marriage And Marital Therapy:

The Handbook of Marriage and Marital Therapy G. Pirooz Sholevar, 2013-11-11 The Handbook of Marriage and Marital Therapy G. Pirooz Sholevar, 1981 **Handbook of Marital Therapy: A Positive Approach to Helping Troubled Relationships** Robert P. Liberman, Eugene G. Wheeler, Louis A.J.M. de Visser, Julie Kuehnelt, Timothy Kuehnelt, 2013-11-21 In the treatment of marital problems behaviorally oriented and communication oriented approaches have been in conflict and seen as contrasting and unlikely bed partners Many therapists focusing on communication skills have felt that behaviorists were too structured and uncaring on the other hand behaviorists have considered humanistic therapists as being touchy feely vague and unfocused However in the Handbook of Marital Therapy Liberman Wheeler de Visser and the Kuehnelns have wedded these two potent approaches into an integrated framework that makes them loving bed partners With over a decade of experience in applying behaviorally oriented treatment to couples Liberman and his co authors have developed an educational model that focuses on teaching specific communication skills to couples The communication skills they describe have been used extensively in all types of marital therapy regardless of the therapist's theoretical orientation The unique contribution of this book is that the authors provide a step by step approach to teaching these communication skills within a behavioral framework Each chapter guides the therapist through the many issues and problems confronting him or her as a change agent This highly readable book is enhanced by a liberal use of case examples Emphasis is given to homework and structured sessions that focus on increasing specific communication skills in a sequential manner The advantages of working with couples in a group setting are discussed and concrete suggestions on how to manage these groups are clearly presented **Handbook of Marriage Counseling** Ben N. Ard, Constance C. Ard, 1969 Handbook of Couples Therapy Michele Harway, 2005-01-21 The essential guide to successful couples therapy at every stage of the lifecycle A variety of therapeutic interventions can help couples develop the tools for a successful relationship Yet many practitioners begin seeing couples without extensive training in couples work To fill this gap in their therapeutic repertoires noted couples therapist Michele Harway brings together other well known experts in marriage and family therapy to offer the Handbook of Couples Therapy a comprehensive guide to the study and practice of couples therapy The book's chapters provide a variety of perspectives along developmental theoretical and situational lines Recognizing the need for clinically proven evidence based approaches chapters provide detailed coverage of the most effective treatment modes Couples at different stages of the lifecycle feature prominently in the text as do relevant special issues and treatment approaches for each stage Subjects covered include Premarital counseling from the PAIRS perspective an extensive curriculum of interventions for premarital couples The first years of marital commitment Couples with young children Couples with adolescents Therapy with older couples Same sex couples A variety of theoretical approaches including Cognitive Behavioral Object Relational Narrative Integrative and Feminist and Contextual Special issues and situations including serious illness physical aggression addiction

infidelity and religious spiritual commitments or conflicts Providing a diverse set of treatment approaches suited to working with a wide range of adult populations the Handbook of Couples Therapy is an essential resource for mental health professionals working with couples

Clinical Handbook of Marriage and Couples Interventions W. Kim Halford, Howard J. Markman, 1997-04-03 The majority of people in cultures worldwide seek fulfilment and happiness in marriage and couples relationships Many mental health professionals now find they are increasingly consulted when such relationships encounter difficulties that threaten the wellbeing of the couples involved The costs of such difficulties can be high to society to children and to other family members in both emotional and economic terms Psychologists psychiatrists therapists counsellors and social workers will find in this uniquely comprehensive handbook a critical review of knowledge in this wide field as well as a guide to best practice in its many areas of intervention The scope of the handbook includes an overview of healthy normal marriage processes the major influences on marital quality and stability the interaction between individual adjustment environmental events and relationship satisfaction and interventions designed to assist couples to enhance their relationship The emphasis in the chapters which review research is on explicating the implications of current state of the art knowledge for assessment and intervention with couples Over half the book comprises detailed guidelines on how to conduct interventions for relationship problems This includes work on different approaches to couples therapy adapting couples therapy to the needs of couples in which one partner has significant individual psychopathology working with just one partner responding to crises initiated by extramarital affairs mediating divorce and working with families in which there are combined marital and parenting difficulties

The Routledge International Handbook of Couple and Family Therapy Katherine M. Hertlein, 2023-10-31 The Routledge International Handbook of Couple and Family Therapy is a comprehensive text that promotes innovative frameworks and interventions in couple and family therapy from a cross cultural perspective A diverse range of international contributors explore the role that demography regionality cultural and political crises and policy have on the issues faced by couples and families Collectively the chapters articulate unique ideas in conceptualizing the needs of families with international backgrounds adapting the current models and frameworks to work with this population most effectively The text is split into four sections covering personal voices and philosophical perspectives theory and models specific applications with international populations and emerging perspectives This handbook is essential for individual practitioners researchers psychotherapists and related mental health professionals as well as academics with an interest in working with couples and families

Handbook Of Measurements For Marriage And Family Therapy Robert Sherman, Ed.D., Norman Fredman, Ph.D., 2013-06-20 Published in 1987 Handbook of Measurements For Marriage And Family Therapy is a valuable contribution to the field of Family Therapy The purpose of this handbook is to provide a single convenient source to which practitioners researchers and trainees can turn in order to learn how to use marriage and family instruments and to find descriptions of instruments suited to their needs

Handbook of

Family and Marital Therapy Sharon A. Shueman, Benjamin B. Wolman, 2012-12-06 Family and marital therapies are rapidly becoming highly used methods of treatment of mental disorders and are no longer ancillary methods to individual psychotherapy The last few decades have brought about an increasing awareness of the fact that excluding organic etiology practically all mental disorders are caused fostered and or related to faulty interpersonal relations As a rule the earlier in life one is exposed to noxious factors the more severe is the damage Thus early child parents and child siblings interactions are highly relevant determinants of mental health and mental disorder Moreover parents themselves do not live in a vacuum Their marital interaction significantly contributes to their own mental health or to its decline and parent child relationships are greatly influenced by the nature of intraparental relationships Parental discord conflicts and abandonment affect the child s personality development Thus family and marital therapy is more than therapy it is an important contribution to the prevention of mental disorder The present volume is comprised of three parts The first primarily theoretical analyzes the fundamental aspects of marital and family therapy The second part describes the various therapeutic techniques and the last deals with several specific issues It gives me great pleasure to acknowledge my gratitude to my coeditor Dr George Stricker Without his thorough and devoted efforts this volume could not have come into being I am also profoundly indebted to our consulting editors Dr James Framo Dr **Handbook of Structured Techniques in Marriage and Family Therapy** Robert Sherman, Norman Fredman, 1986 First Published in 1986 Routledge is an imprint of Taylor Francis an informa company

This book delves into The Handbook Of Marriage And Marital Therapy.
