One Touch B. Hennie, 2012-02 It wasn't until I began to write this book that the Lord would begin to reveal everything to me He was pulling a yes from my spirit but I would have to go through this process for him to develop me before he could use me to help someone else I knew I was being led by the Holy Spirit but my flesh my mind had to catch up with my spirit During the process where you have surrendered your will to his will the Lord has dug deep down in you and taken out of you all that is not like him Then he can impart himself in you His Spirit is in control no longer the works of your flesh He has empowered you to do his will Now you can receive the blessings the Lord has promised you I remember many years ago when the Lord spoke these words into my spirit After you have suffered awhile I will restore strengthen and keep you 1 Peter 5:10 But what I didn't know that it would be years later that I would have to go through sickness pain and suffering Through this process he was preparing me for my healing ministry GOD WILL GET YOU THROUGH THIS Edward D. Andrews, 2017-11-05

A Theology of Health Tyler J. VanderWeele, 2024-09-15 While the health of the body can be defined by its functioning parts and systems the health of the person is more complex To flourish we need to understand health in the context of God's intent A Theology of Health presents a Christian understanding of the very concept of health both the health of the body and the health of the person Preeminent scholar Tyler J VanderWeele argues that health can be understood as wholeness as intended by God and that sin whether individual wrongdoing societal injustice or the fallenness of creation causes ill health VanderWeele explains that restoration and fulfillment of health is salvation pointed toward in the life of Jesus Christ to be lived out through the work of the Church and for which we await final completion VanderWeele also demonstrates the broader relevance and implications of his insights to all who seek to understand health well being and the ultimate ends of human life A Theology of Health is an essential theological exploration that seeks to promote health healing and flourishing of the whole person
