The Hearts Awakening:

Awakening The Universal Heart Serge Beddington-Behrens, 2013-08-01 I invite you to come on a journey with me into one of the most important yet often most neglected dimension of yourself namely your heart I want to help you discover as I have slowly been discovering that our hearts not only hold the key to our being able to live a fuller and more meaningful life but also to our being able to play a part in helping heal our planet The change needed is a shift out of our primarily head focus into becoming increasingly heart centred where we are connected to our hearts and are potentially capable of moving mountains We are only going to be good activists if we have plenty of heart in our lives if we are big hearted with a well activated Heart A culture of Heart is vital if we are to heal the many wounds and splits that exist between different classes religions tribes and nations The book has been written from a place of great hope and joy based on knowledge that our world is changing and that the planetary heart is at last awakening

dishonest deceptive distressed and at times evil Hence our hearts become damaged However in the quiet of our solitude we can deeply reflect on how to become devout and pious as we awaken the pure heart In *Awaken the Pure Heart* author Tallal Alie Turfe explains that while the heart pumps blood through the network of arteries and veins called the cardiovascular system it is also the spiritual control center of life the very center of our existence and the very essence of who we are The heart is the center of the soul It is the seat of our emotional intelligence intention and desires and it is the point of our personal contact with God as He judges By looking to the Quran as a healing source and by slowing down and reflecting in solitude through prayer and supplication we too can restore our hearts and the hearts of others The heart is more than the most important organ in the human body It is also the quintessence of our spiritual and emotional well being Acceptance causes the heart to be elated or jubilant while rejection causes the heart to be saddened or troubled Thus by listening to our hearts we can discover how to embrace its purity and live with virtue in the modern world
