The Heresy of Self-love Paul Zweig, 1968 **The Heresy of Selflove. A Study of Subversive Individualism** Paul Zweig (poète.), 1968 Malignant Self Love Sam Vaknin, 2007 The FULL TEXT of Sam Vaknin's classic groundbreaking BIBLE of NARCISSISM and NARCISSISTIC ABUSE now in its 9th revision Tips and advice as well as the most complete clinical background Narcissistic Personality Disorder and its effects on the narcissist the psychopath and their nearest and dearest in 100 frequently asked questions and two essays a total of 680 pages Updated to reflect the NEW criteria in the recent fifth edition of the Diagnostic and Statistical Manual DSM **Excerpts and Case Studies from the Archives of the Narcissistic Abuse Study Group** Sam Vaknin, 2010-07-24 Hundreds of excerpts from the archives of the Narcissistic Abuse Study List regarding Pathological Narcissism relationships with abusive narcissists and psychopaths and Narcissistic Personality Disorder NPD **Alienation and Affect** Warren TenHouten, 2016-12-01 Alienation has objective social structural determinants yet is experienced subjectively as a psychological state involving both emotion and cognition Part I considers conceptualizations of alienation and affect in historical context emphasizing Rousseau Hegel Marx Simmel and Weber Part II develops a theory of the affective bases of Seeman's original five varieties of alienation normlessness meaninglessness self estrangement cultural estrangement and powerlessness The book argues that both normlessness and cultural estrangement manifest in two distinct forms and involve distinct emotions Thus it develops the affective bases of seven distinct varieties of alienation This work synthesizes classical and contemporary alienation theory and the sociology of emotions It contributes to political sociology and finds application in social psychiatry and related health and social service fields that treat traumatized and highly alienated individuals **The Drama of John Marston** T. F. Wharton, 2000 Celebrating the 400th anniversary of John Marston's debut as a professional playwright this collection of critical essays on his work by leading scholars in the early modern field discovers in the de-centred hilarious but unsettling work of this idiosyncratic Renaissance dramatist an uncannily post modern voice Always at odds with his contemporaries the censor and sometimes his own audience Marston is shown to be a deeply conflicted figure but the qualities which estranged him from previous critical eras are precisely those that are now instantly accessible This volume's essays the themes of which coincide both in contemporary currents in literary theory and criticism and in the plays of John Marston reveal at every turn the full extent of his ambiguity towards politics gender and the very medium he wrote for and in *Masquerade and Femininity* Urszula Chowaniec, Ursula Phillips, Marja Rytönen, 2009-03-26 *Masquerade and Femininity* Essays on Russian and Polish Women Writers introduces the reader to the diversity of women's writing in Poland and Russia in the 19th and 20th centuries in the light of the notion of masquerade The present articles scrutinize particular works by women writers Nadezhda Dmitrievna Khvoshchinskaya Irina Odoevtseva Vera Pavlova Narcyza Michowska Maria Komornicka Irena Krzywicka and others and the strategies of masquerading female experience Taken together the articles draw attention to the feeling of an

inexpressible gap between the living body and its everyday life experience of pain and suffering or happiness and pleasure and the culturally constructed powerfully imposed code of expression that readily makes use of various masks guises and acts of pretending applied especially cleverly in literary works The concept of masquerade illuminates the complexity of what we call femininity by combining two sides of the divide the real feelings and the constructed expressions This volume uses both feminist and non feminist approaches to women s writing and sheds new light on the themes of femininity woman s identity experience masks body gender relations nature culture and authorship Masquerade and Femininity brings together East European literary studies and gender studies offering a comparative perspective on literature literary theory and cultural phenomena in Poland and Russia and featuring a range of both eastern European and western scholars In its pages the reader is invited to move beyond Russian literature and language into a dialogic approach between Slavic literatures This book will also contribute to filling the comparative gap which is still relatively unexplored not only with regard to the application of western scholarship to East European studies but also with regard to the dialogue between Russian and Polish scholarship
