The Mysticism, Alchemy, and Symbolism of the Mother Principle E. Valenti Straiton, 2005-12 This scarce antiquarian book is a facsimile reprint of the original Due to its age it may contain imperfections such as marks notations marginalia and flawed pages Because we believe this work is culturally important we have made it available as part of our commitment for protecting preserving and promoting the world s literature in affordable high quality modern editions that are true to the original work *Hidden Symbolism of Alchemy and the Occult Arts* Herbert Silberer, 2013-01-01 ISBN 978 625 8284 36 2 All rights reserved Published by GLOBAL ACADEMY 2013 Language English E mail globalyayinlari gmail com Website <https://www.globalacademy.com.tr> This thoughtful study which antedates the work of Jung by a generation represents the first serious attempt to correlate the methods of psychoanalysis with the literature of alchemy and of other great Western mystical and occult traditions Dr Silberer was a prominent member of the Vienna School whose untimely death prevented this his major published work from receiving the attention it clearly merited Included is a wealth of material taken directly from alchemical and Rosicrucian sources Symbolisms of salt sulphur and mercury of the prison the abyss and the grave of putrefaction and procreation and of the sun moon and planets are carefully analyzed and explained Passages from the works of Hermes Trismegistus Flamel Lacinius Michael Meier Paracelsus and Boehme are cited both as important sources of alchemical doctrine and to substantiate the thesis that alchemy was a spiritual discipline of the highest order comparable to the Yoga of the East The entire inquiry is based on a parable from the pages of Geheime Figuren der Rosenkreuzer an eighteenth century alchemical text After a general exposition of dream and myth interpretation Dr Silberer proceeds to a psychoanalytic interpretation of the parable and then gives a detailed account of the traditions and practices of the alchemists Rosicrucians and Freemasons Returning to the parable he introduces the problem of dual interpretations for while the psychoanalytic approach focuses on the depths of the impulsive life the hermetic and mystical leads to the heights of spirituality The heart of the book is an attempt to reconcile these divergent philosophies and a meditation on the relationship of introversion to mysticism **Freud and Forbidden Knowledge** Peter L. Rudnytsky, Ellen Handler Spitz, 1995-06 The psychoanalyst dares to explore the most intimate recesses of the human soul to throw open long barred doors and to confront the forbidden knowledge beneath the surface In Freud and Forbidden Knowledge nine exceptional essays use psychoanalysis to uncover the theme of forbidden knowledge in canonical works of the Western tradition from the Bible to Hamlet Psychoanalysis is a discipline that seeks to understand and alleviate human suffering Its practice is therefore an inherently dangerous activity The psychoanalyst dares to explore the most intimate recesses of the human soul to throw open long barred doors and to confront the monsters that may lie in wait In facilitating the patient s process of self discovery psychoanalysis concerns forbidden knowledge Following Freud s lead Rudnytsky and Spitz approach works of art as constituting psychoanalytic knowledge Divining that in literature we find the deposits of forbidden knowledge this collection

of nine exceptional essays pursues the theme of forbidden knowledge in canonical works of the Western tradition from the Hebrew Bible to Boccaccio's *The Decameron* to Shakespeare's *Hamlet*. These papers pointedly address the canonical status of these works positing that the canon must be re-visioned in order to recover the history of transgression. Freud and Forbidden Knowledge offers a series of wide-ranging meditations on the tragic dimensions of human experience cumulatively they invite reflection on the significance of forbidden knowledge to Freud.

Blavatsky, Annie Besant, Florence Farr, Margaret Murray, Mabel Collins, Lady Archibald Campbell, Katherine Hillard, Jessie Horne, Edith Wheeler, Mary L. Lewes, 2019-03-09 Though often overlooked in the history of western esotericism, women made a strong showing during the nineteenth-century occult revival. European Iconography - East and West Gyorgy E. Szonyi, 2023-08-14 This volume is the offspring of many years of research in symbolic representations carried out at the English and Comparative Literature departments of József Attila University, Szeged. In 1990 the dramatic changes in East-Central Europe inspired the organization of an international conference where scholars of the politically defined East and West could exchange ideas in the fields of iconography, emblem studies and cultural symbolisation. In June 1993 at the conference in Szeged fifty-seven papers were read by scholars representing Canada, the Czech Republic, England, Germany, Holland, Hungary, Poland, Rumania and the USA. The present publication contains eighteen papers covering the following aspects: Iconography and Ideology, Iconography and History, The World of Emblems and Occult Emblematics. The volume not only shows the state of affairs in these important

fields but also demonstrates the scope and strength of a new type of European cooperation The Secret Tradition in Alchemy Arthur Edward Waite,1926 **Religion and the Order of Nature** Seyyed Hossein Nasr,1996-09-26 The current ecological crisis is a matter of urgent global concern with solutions being sought on many fronts In this book Seyyed Hossein Nasr argues that the devastation of our world has been exacerbated if not actually caused by the reductionist view of nature that has been advanced by modern secular science What is needed he believes is the recovery of the truth to which the great enduring religions all attest namely that nature is sacred Nasr traces the historical process through which Western civilization moved away from the idea of nature as sacred and embraced a world view which sees humans as alienated from nature and nature itself as a machine to be dominated and manipulated by humans His goal is to negate the totalitarian claims of modern science and to re open the way to the religious view of the order of nature developed over centuries in the cosmologies and sacred sciences of the great traditions Each tradition Nasr shows has a wealth of knowledge and experience concerning the order of nature The resuscitation of this knowledge he argues would allow religions all over the globe to enrich each other and cooperate to heal the wounds inflicted upon the Earth
