The Mysticism Of Dante And Meister Eckhart:

Dante and the Mystics: A Study of the Mystical Aspect of the Divina Commedia and Its Relations with Some of Its Medieval Sources (1913) Edmund Garratt Gardner, 2009-06 This scarce antiquarian book is a facsimile reprint of the original. Due to its age it may contain imperfections such as marks, notations, marginalia and flawed pages. Because we believe this work is culturally important, we have made it available as part of our commitment for protecting, preserving, and promoting the world's literature in affordable, high-quality modern editions that are true to the original work. **Dante's Masterplot and Alternative Narratives in the Commedia** Nicolò Crisafi, 2022 Alongside traditional notions of Dante's trademark plurality of linguistic registers and styles, this book argues that his narrative pluralism can and should play a key role in contemporary and future readings of the *Commedia*. **The Divine Vision of Dante's Paradiso** William Franke, 2021-08-19 A bold study that reveals Dante's medieval vision of Scripture as theophany through pioneering use of contemporary theory and phenomenology. **The Metaphysics of Dante's Comedy** Christian Moevs, 2008-10-13 The recovery of Dante's metaphysics, which are very different from our own, is essential, argues Christian Moevs, if we are to resolve what has been called the central problem in the interpretation of the *Comedy*: That problem is what to make of the *Comedy*'s claim to the status of revelation, vision, or experiential record as something more than imaginative literature. In this book, Moevs offers the first sustained treatment of the metaphysical picture that grounds and motivates the *Comedy* and the relation between those metaphysics and Dante's poetics. Moevs arrives at the radical conclusion that Dante believed that all of what we perceive as reality, the spatio-temporal world, is in fact a creation or projection of conscious being. Armed with this new understanding, Moevs is able to shed light on a series of perennial issues in the interpretation of the *Comedy*. **MYSTICISM (Complete Edition)** Evelyn Underhill, 2023-12-01 Evelyn Underhill's *MYSTICISM Complete Edition* serves as a profound exploration into the intricacies of mystical experience and its significance within the spiritual journey. Blending a rich tapestry of philosophy, theology, and psychology, Underhill employs an elegant literary style that weaves historical context with personal insights. The work meticulously examines various mystical traditions, providing an accessible yet comprehensive overview of their practices and underlying principles. Through her systematic analysis, she elevates mysticism from a peripheral component of religious experience to a central pillar of spiritual understanding, firmly situating her discussion within both Western and Eastern perspectives. Evelyn Underhill was a pioneering figure in the study of mysticism, a fact that deeply informs her authoritative voice in this text. Born in 1875, she was a novelist, poet, and passionate scholar of religion who engaged with not only Christian mystics but also Sufism and the philosophies of the East. Her personal contemplative practices and scholarly pursuits coalesce in this seminal work, reflecting her pursuit of a unifying thread among diverse spiritual traditions. *MYSTICISM Complete Edition* is highly recommended for scholars, practitioners, and seekers alike, as it invites readers to deepen their understanding of mystical phenomena and encourages a reflective engagement with the divine. Revival: Mysticism (1911) Underhill Evelyn,2018-05-08 This book falls naturally into two parts each of which is really complete in itself though they are in a sense complementary to one another Whilst the second and longest part contains a somewhat detailed study of the nature and development of man s spiritual or mystical consciousness m the first is intended rather to provide an introduction to the general subject of mysticism Exhibiting it by turns from the point of view of metaphysics psychology and symbolism it is an attempt to gather between the covers of one volume information at present scattered amongst many monographs and texts books written in divers tongues and to give the student in a compact form at least the elementary facts in regard to each of those subjects which are most closely connected with the study of the mystics
