The National Rifle Association And The Media The Motivating Force Of Negative Coverage:

The National Rifle Association and the Media Brian Anse Patrick, 2013-10-25 Were it not for the negative coverage that it receives from elite American news organizations the National Rifle Association and American gun culture as a whole would not be in the position of strength they enjoy today The more negative coverage the elite media have dished out the more people have been attracted to NRA and gun culture Brian Anse Patrick presents the evidence for this startling case As an analysis of the data unmistakably shows not only are the elite media systematically biased against NRA they have indeed inadvertently helped to mobilize American gun culture making it one of the most successful social movements of modern times In the new edition of this groundbreaking study with a new Foreword by the author Prof Patrick makes his case The evidence is incontrovertible and based on scientific content analysis of ten years of actual NRA coverage in many elite news publications compared and contrasted with similar coverage of other major American social movements Additionally Prof Patrick presents an innovative model for how information is disseminated from top to bottom in the mainstream media which he terms administrative democracy and suggests how groups like the NRA flourish in part because of the increasing availability of non centralized social media which allow dissenters from the prevailing media paradigm to construct their own narratives with which to understand society and their place within it Written in a lucid and penetrating style this book should be of interest to readers on either side of the gun rights debate as well as to those wishing to study the workings of a successful citizens advocacy network

Shooters Abigail A. Kohn, 2004-06-10 Frequenting gun shops and shooting ranges and devoting particular attention to those whose interest in weaponry extends beyond the casual Abigail A Kohn captures in finegrained and often entertaining yet always humane detail how gun owners actually think and feel about their guns Through her conversations with cowboy action shooters at a regional match sport shooters hunters with shooters of all ages and races we hear of the savage beauty of a beautifully crafted long gun of the powerful historical import owners attach to their guns of the sense of empowerment that comes with shooting skill and the visceral thrill of discharging a dangerous weapon Cutting through the cliches that link gun ownership with violent criminal subcultures and portray shooters as gun nuts or potential terrorists Kohn provides us with a lively and untainted portrait of American gun enthusiasts

Capturing the News Anthony Collings, 2010-05-10 Anthony Collings found himself in his share of difficult situations in his thirty four years as a newsman Like being captured by AK 47 toting Syrians in Lebanon in 1981 while looking for missiles that threatened a new outbreak of hostilities with Israel or being detained by the KGB in Moscow in 1967 during his first foreign posting for the Associated Press filing stories about Soviet dissidents Name a hot spot and Collings has likely been there From AP correspondent to Newsweek bureau chief to CNN reporter he covered the Middle East Rome Moscow London Paris and Washington Now he has gathered stories about his work in a book that is both a journalist s memoir and a commentary on the current ethical crises in the news media and how to address them Brimming with entertaining stories about

journalism especially the chaotic early years at CNN when he and his colleagues established the first major cable news network Collings's book reveals the dangers and pressures of covering the news and the difficulties of overcoming obstacles to the truth He recalls smuggling tapes out of Poland after the Communists had imposed martial law flying dangerously near Libya's Line of Death interviewing world figures from Brezhnev to Kaddafi and Arafat and winning awards for covering Iran Contra and the Oklahoma City bombing Collings brings fresh insights to the Oliver North affair and examines how the press was suckered in its coverage of the Jessica Lynch prisoner of war story in 2003 He voices his concerns regarding oversimplified reporting of complex issues and poses provocative questions about covering terrorism In this book Collings presents an insider's appraisal of the American news media's failings and accomplishments Easy to read informative and thoughtful *Capturing the News* will enlighten general readers interested in how journalists cover current affairs while offering newsmen food for thought about the craft and ethics of journalism

The Gun Gap Mark R. Joslyn, 2020 In *The Gun Gap* Mark R. Joslyn advances gun owners as a new classification for understanding political behavior and attitudes He demonstrates a gun gap which captures the differences between gun owners and non gun owners and shows how this gap improves conventional behavioral and attitudinal models The gap represents an important explanation for voter choice voter turnout perceptions of personal and public safety preferences for gun control policies and support for the death penalty Moreover the 2016 presidential election witnessed the largest recorded gun gap in history The Gun Gap thus affords a new and compelling vantage point to evaluate modern mass politics

The Gun Debate Philip J. Cook, Kristin A. Goss, 2014-04-01 *The Gun Debate What Everyone Needs to Know* takes readers on a tour of the issues that Americans debate when they talk about guns The volume includes information on gun control pertaining to U S history jurisprudence cultural beliefs political agendas epidemiological data criminology law and regulation and policy effectiveness

To Trust the People with Arms Robert J. Cottrol, Brannon P. Denning, 2023-10-06 In 2007 for the first time in nearly seventy years the Supreme Court decided to hear a case involving the Second Amendment The resulting decision in *District of Columbia v Heller* 2008 was the first time the Court declared a firearms restriction to be unconstitutional on the basis of the Second Amendment It was followed two years later by a similar decision in *McDonald v City of Chicago* and in 2022 the Court further expanded its support for Second Amendment rights in *New York State Rifle and Pistol Association v Bruen* a decision whose far reaching implications are still being unraveled *To Trust the People with Arms* explores the remarkable and complex legal history of how the right to bear arms was widely accepted during the nation's founding was near extinction in the late twentieth century and is now experiencing a rebirth in the Supreme Court in the twenty first century Robert J. Cottrol and Brannon P. Denning link the right to bear arms with other major themes in American history Prompted by the eighteenth century belief that arms played a vital role in preserving the liberties of the citizen the Second Amendment met many challenges in the nation's history Among the most acute of these were racism racial violence and the extension of the right to bear arms to

African Americans and other marginalized groups The development of modern firearms and twentieth century urbanization also challenged traditional notions concerning the value of an armed population Cottrol and Denning make a particularly important contribution linking the nation's participation in the wars of the twentieth century and the strengthening of American gun culture Most of all they give a nuanced and sophisticated legal history that engages legal realism different varieties of originalism and the role of chance and accident in history To Trust the People with Arms integrates history politics and law in an interdisciplinary way to illustrate the roles that guns and the right to keep and bear arms have played in American history culture and law

Political Campaign Communication Larry Powell, Joseph Cowart, 2015-08-07 Political Campaign Communication Inside and Out examines the ins and outs of political campaigning through the eyes of both an academic and a political consultant This text takes a unique approach to the subject of campaign communication by examining its intricacies from views both inside and outside of the process Unlike many texts in this field Political Campaign Communication Inside and Out takes a broad view of political campaigning discussing theories and principles along with topics such as political socialization the role of money ethics and critical events

God, Guns & Rock'N'Roll Ted Nugent, 2001-08-14 Rock and Roll legend Ted Nugent contends that a lot of what is wrong with this country could be remedied by a simple but controversial concept gun ownership

News on the Right Anthony M. Nadler, Andrew Joseph Bauer, 2020 From the National Review to Breitbart from Fox News to Rush Limbaugh conservative news is an inescapable feature of modern politics Since the early days of mass communication right wing media producers have blended reporting with commentary narrating the news of the day from a perspective informed by conservative worldviews and partisanship News on the Right seeks to initiate a new interdisciplinary field of scholarly research focused on the study of right wing media and conservative news Editors Anthony Nadler and A J Bauer gather a range of voices presenting an interdisciplinary investigation into the practices and patterns of meaning making in the production circulation and consumption of conservative news Traversing journalism media and communication studies cultural studies history political science and sociology this volume utilizes a variety of qualitative and quantitative research methods to elucidate case studies of conservative news cultures in the US and UK Together these perspectives show that a fuller understanding of right wing media and its effects can be reached by treating these phenomena as deeply interwoven into many conservatives lives and political sensibilities

Ghost Guns Mark A. Tallman, 2020-08-13 With thorough analysis and balanced reporting Ghost Guns Hobbyists Hackers and the Homemade Weapons Revolution is an essential resource for readers seeking to understand the rise of homemade firearms and future options for managing them For more than a century strict gun control was possible because firearms were produced in centralized industrial factories Today the Fourth Industrial Revolution combining old and new technologies threatens to upend this arrangement An increasing number of hobbyists makers technology provocateurs and sophisticated criminals are proving that you don't need a factory to make guns anymore The security challenges of this

transformation are increasingly apparent but the technologies behind it hold tremendous potential and while ignoring the security implications would entail risks the costs of new policies also must be evaluated Do it yourself or DIY weapons will bring significant ramifications for First and Second Amendment law international and homeland security crime control technology privacy innovation and the character of open source culture itself How can a liberal society adjust to technologies that make it easier to produce weapons and contraband Informative and thought provoking Ghost Guns Hobbyists Hackers and the Homemade Weapons Revolution carefully analyzes the technical legal social political and criminological trends behind this challenging new area of illicit weapons activity
