The Nature Of The Church:

Nature of the Church Bill J. Leonard, 1986 **The Nature of the Church**, 1952 *Leibniz on the Nature of the Church* Avelino González-Ferrer, 2025-09-18 Gottfried Wilhelm Leibniz 1646 1716 one of the most prominent figures in both the history of philosophy and the history of mathematics but also one of the greatest advocates of Christian unity of the early modern period may just have the solution to divisions within the Church with his unique understanding of the nature of the Church Leibniz's unique theological metaphysics and pioneering thought on the centrality of the concept of person makes his ideas on the nature of the Church particularly promising The book presents how Leibniz's ideas are formed by history and meetings with extraordinary figures and how these ideas mature and develop through time into a theological metaphysics and much later as a philosophy of personalism that secures Leibniz's place as an early pioneer of the philosophical movement of personalism Leibniz on the Nature of the Church presents a historical systematic and provocative reading of these until now overlooked ideas The Household of God Lesslie Newbigin, 2008-12-31 This book discusses the question that the author regards as central in the present ecumenical debate the nature of the Church itself He thus describes the plan of the book The First chapter sketches the present context of the discussion and touches on the Biblical meaning of the word Church The next three chapters examine the three answers to the central question which may be roughly categorized as Protestant Catholic Pentecostal The last two chapters argue that the Church is only to be understood in a perspective that is at once eschatological and missionary the perspective of the ends of the earth Bishop Newbigin's evaluations are provocative scholarly and filled with profound passion and insight He is concerned with the searching questions men today are asking Is there in truth a family of God on earth to which I can belong a place where all men can be truly at home If so where is it to be found and how is it that those who claim to be spokesmen of that holy fellowship are themselves at war with one another as to the fundamentals of its nature I think there is no more urgent theological task than to try to give plain and simple answers This he does drawing deeply upon biblical sources The Nature of the Church Earl D. Radmacher, 1972 It is a bold step in today's society and ecclesiology to make the assertion that the local church is the very locus and focus of God's working moving program in the world It is in fact Dr Radmacher's biblical thesis that the local church is the working institution established by Christ for this age Back cover **An Essay on the Nature of the Church: and a Review of the Elections of Bishops in the Primitive Church. Together with Some Annexed Dissertations**, 1728 **An important inquiry; or, The nature of a church reformation fully considered ... Revised and corrected, with ample additions, and an appendix concerning communion under one kind; in the whole composing a body of all the material points of controversy. The second edition. [By Sebastian Redford.]** Sebastian REDFORD, 1758 **The Nature of the Church** Robert Newton Flew, 1952 **Notes on the Nature of the Church** Augustine Thomas, 2021-03-18 What is the nature of the Church The Church is a living organism as the Body of Christ It is the expression of God visible in this world and is unified

spiritually being one Church as God is One The Church is the visible presence of the Kingdom of God in Christ on earth Matthew 3 2 Repent for the kingdom of heaven is at hand Matthew 4 17 From that time Jesus began to preach saying Repent for the kingdom of heaven is at hand It is a kingdom based in another world or existence The Church and everything else was created for Christ He is the head of his Body the Church in which he reconciles all believing human beings to God and presents them blameless before Him The Church being created for Christ was created by Christ and has existed from the beginning The Church was God's plan before He created and it is the eschatological plan of God through the Cross Christ is the fulfillment and the Church as his Body is the future plan of God It is all to the praise of his glory This book explores the Church from the viewpoint of the Bible and includes the views of East and West Protestant Roman Catholic and Eastern Orthodox along with the Early Church Fathers

The Nature and Mission of the Church Jean-Marc Flückiger, This is an academic work of the highest quality but Jean Marc Flückiger presents it in a way that makes it very accessible far beyond academic circles It is a testament to his sharp intellect but even more to his love of God commitment to The Salvation Army and heartfelt dedication to the Church's mission in the world Henrik Andersen Territorial Leader of The Salvation Army Switzerland Austria Hungary Jean Marc Flückiger's book is a welcome reflection on the missionary impulse of Christian churches I found it particularly helpful to consider the interplay of the three main ingredients of mission namely worship of God community life and service to the world Christophe Chalamet Professor of Systematic Theology University of Geneva
