The Elixir of Immortality Robert E. Cox,2009-09-09 A modern day quest that echoes the ancient alchemists work to discover the elixir of life Provides an overview of alchemical practices in the ancient world from Europe to China Reveals the alchemical secrets for creating this elixir in clear scientific language In 1989 while attempting to extract precious minerals

from his property a wealthy Arizonan obtained a mysterious white material that initially defied scientific attempts to identify it After several years of testing this substance was revealed to consist of gold and platinum but in a form unknown to modern science Further research showed that this powder which had also been discovered to possess marvelous healing powers contained monatomic forms of precious metals whose electron units had been altered to no longer display the physical chemical or electrical properties of the original elements This substance Robert Cox shows bears eerie resemblance to the ultimate quest of the alchemists the elixir of immortality The mysterious material spiritual science of alchemy was once pervasive throughout the ancient world spanning the globe from China and India to Egypt and medieval Europe In *The Elixir of Immortality* Robert Cox reviews the alchemical lore of these traditions and the procedures each used to produce this fabulous elixir Using his own alchemical research Cox then reveals secrets that have been kept hidden for millennia uncovered in his own modern day quest to rediscover this long sought elixir of life *Healing Nectar of Immortality* Michael Wakoff, 2013-02-25 *Brahmapurāṇa* Renate Söhnen, Renate Söhnen-Thieme, Peter Schreiner, 1989 *Art of the Story* Swetha Prakash, Storytelling is an emotional and intellectual journey wherein a narrator or performer or teller takes an audience through a new world that is experienced by words movement props and story aids Storytelling has at its heart the story The story is that unit of information that is a fictional account of event a conflict or a transformation Stories are a way to code knowledge pass on wisdom and advise Storytelling allows us to access the deepest realms of our own subconscious and also the collective unconsciousness It connects us to basic archetypes that can give us an understanding into our own true being and selves This book connects the reader to the core of Indian storytelling **Rahu & Ketu Secrets** Saket Shah, 2020-01-05 In Hindu astrology Rahu and Ketu signify the two mathematical points on each side of the moon that have a significant impact on self experience The Significance of Rahu and Ketu in Vedic Astrology is realized positively and negatively in a person's life As a rising node of the moon Rahu is known to cause spiritual growth and whenever it exists in a chart the result is luxury and obsession It's a powerful node favorable to politicians as it presents opportunities and immense power to ascend in political affairs both justly and unjustly Rahu also influences criminals snakes as well as magicians just to mention a few Rahu has the power to give wealth and make a person popular At the same time this shadow planet is likely to cause confusion despair and emotional inequity It's very powerful in the 3rd 6th and 11th houses of a horoscope Ketu is a shadowy descending and malefic planet but not as malefic as Rahu Ketu offers liberation and nonattachment to material desires and worldly ambitions It provides spiritual knowledge power to differentiate self knowledge as well as wisdom Whenever present in a chart it gives a person psychic abilities A person can perform natural healing deal with ghosts evil spirits and astral forces as well as make them wizards of foods herbs and spices Ketu enables a person to blend in naturally among people **An ^AUnholy Brew** James McHugh, 2021-09-17 The first book on alcohol in pre modern India *An Unholy Brew* Alcohol in Indian History and Religions uses a wide range of sources from the Vedas to the Kamasutra to explore

intoxicating drinks and styles of drinking as well as sophisticated rationales for abstinence found in South Asia from the earliest Sanskrit written records through the second millennium CE
