Farstad, 2014-04-08 In 1975 the boldest most extensive project in modern Bible publishing history began 130 Bible scholars pastors and communicators gathered with one goal in mind to preserve the accuracy authority and beauty of the King James Version while updating the language for modern readers This book offers an insightful glance into the history of this event as only the Executive Editor Arthur L Farstad can tell If you ve ever thought that a room full of biblical scholars sorting through Hebrew and Greek was boring then think again Revealing the painstaking progress that each member of the committee made over the seven year process three distinct sections guide the reader through the purpose of the NKJV translation Part One Accuracy Part Two Beauty Part Three Completeness *New King James - The Bridge Bible* David W. Daniels, 2020-05-19 Is The New King James Bible Just An Updated King James It promised to be a 5th edition of the KJV preserving the originally intended meaning of every verse Did publishers and translators keep their promise Author David Daniels shows us in this book that the classical language including the thees and thous is not all that was changed In fact this Bible is not a King James at all Some of the updates actually change doctrines I M NOT SAYING WHAT COULD HAPPEN I M SHOWING YOU WHAT DID HAPPEN DAVID W DANIELS It cannot be a true King James if salvation is changed from a finished work to an unfinished process 1 Corinthians 1:18 How can you know you are saved Or in Matthew 7:14 where it says Because narrow is the gate and difficult is the way which leads to life God did not make the way difficult Salvation is as close as our mouth and our heart These tiny changes as well as others like it have made a big difference moving people from faith to doubt in God and His words But there s more The publishers of the New King James said themselves that their goal was to provide a transitional bridge to a modern Bible and they sell plenty of them As people get used to seeing words changed in their Bible they soon will accept a Bible that changes even more Eventually you have a Bible with wording vague enough in many key areas that all the world s religions will be able to fit their doctrines into it This is actually part of the larger plan for everyone to accept one world Bible for the Antichrist s coming one world religion How do we counter this By teaching our children how to read the clear words of the King James we can bring faith and not doubt to the next generation In fact as you will see in this book if previous generations

had done this the New King James would never have been made **The Complete Guide to Bible Translations** Ron Rhodes,2009-03-01 Given the wealth of English translations of the Bible available today how can anyone know which is the right one for them The options seem overwhelming Biblical scholar Ron Rhodes provides an easy to read guide that takes the guesswork out of choosing a Bible He critiques the prominent theories of translation lets readers in on the debate about gender inclusive language and thoroughly covers the major English translations from the King James Version to the New Living Translation and everything in between including the two most recent Bibles for Catholics His examination of each version includes the story behind the translation the translation theory used the intended readership pluses and minuses comparisons with other translations A unique feature is Rhodes look at secondary factors to keep in mind when choosing a Bible such as the type size the quality of the paper the existence and placement of cross references and other study helps and the types of bindings The result is an indispensable guide to help readers through the maze of choosing the translation best suited for them *Bible Translations for Everyone* Tim Wildsmith,2024-11-19 Bible Translations for Everyone is a fun and engaging guide in which pastor professor and popular YouTuber Tim Wildsmith will help you navigate the complex world of Bible translations Have you ever wondered why there are so many translations of the Bible It can be overwhelming and challenging to make sense of the differences similarities strengths and weakness of each With over 400 English translations to choose from how do you know one is right for you This book is here to help Chapter by chapter it tells the story of many different versions of the Bible including information about their historical context the people who translated them and what makes them unique Bible Translations for Everyone contains An introduction to how Bible translations work The fascinating history of early English Bibles like Tyndale and Wycliffe The textual basis translation philosophy strengths and weaknesses of each popular English translation including The New King James Version The New International Version The English Standard Version and more Translation comparisons Timelines and charts After reading this book you will understand the essentials of each translation and be able to make an informed decision about which ones are right for you A friendly guide and gifted storyteller Tim tells us everything we didn t know we wanted to know about how the Bibles on our shelves came to be mapping out the history of English Bible translation and distilling years of research into one fascinating delightful volume Amanda Bible Williams co founder of She Reads Truth **The Facts on the King James Only Debate** John Ankerberg,John Weldon,2011-04-15 The Bible is a marvelous treasure one of the primary purposes of translators is to make sure that treasure is available to everyone Many groups believe the King James Version is the only acceptable Bible translation but is that true Learn about the translation process how translations are made a comparison of the King James Bible with more recent versions ways pastors which Bible translation is best for you Offering specific examples an overall analysis of King James Only claims the authors explore the controversy other biblical guidelines that will enable you to evaluate resolve this important issue **THE KING JAMES BIBLE** Edward D. Bibles: The Geneva Bible, the KJV, and the NKJV? Rick Norris, 2017-09-03 This thought provoking book discusses a scripturally based view of English Bible translations such as the Geneva Bible the KJV and the NKJV It considers and responds to several KJV only allegations against the NKJV with many facts from the Geneva Bible the KJV and the NKJV It demonstrates that a consistent application of KJV only allegations would harm the KJV itself Problems with inconsistent human KJV only reasoning are properly exposed *CHOOSING YOUR BIBLE* Edward D. Translating the Bible Stanley E. Porter, Richard Hess, 2005-03-01 This topics covered in this volume embracing both Old and New Testaments range from detailed studies such as how a particular biblical verse might be rendered from Hebrew or Greek to larger philosophical and hermeneutical issues the importance of tradition how translations come to be canonized and how a modern translation can and should be evaluated The value of this topical and highly informative volume lies not only in its insights into particular translational cruxes but in the questions raised and answers suggested regarding translation theory and practice in a range of scriptural texts
