A Short Introduction to Critical Old Testament Methodologies Robert Karl Gnuse, 2025-10-22

Gnuse provides a brief summary of critical methodologies used in interpreting the Old Testament which is most useful for students beginning their serious study of the biblical text. The traditional methods are given consideration: first text criticism, source criticism, form criticism, and tradition/historical criticism. Structuralism is explicated in a separate chapter. Then consideration is given to the newer literary and intellectual criticisms that have developed in the past two generations: rhetorical, aesthetic, narrative, ideological, criticism, dialogism, reader response, criticism, biblical postmodernism or poststructuralism, and biblical deconstructionism. In most chapters one or two examples are provided of the textual analysis undertaken with each methodology. This work is an excellent supplement in an introductory course in biblical exegesis.

Performances of Ancient Jewish Letters Marvin Lloyd Miller, 2015-09-16

This ambitious and engaging book sets itself the task of combining a wide range of approaches to cast new light on the form and function of several ancient Jewish letters in a variety of languages. The focus of *The Performance of Ancient Jewish Letters* is on applying a new emerging field of performance theory to texts and arguing that letters and other documents were not just read in silence as is normal today but were performed especially when they were addressed to a community. A distinctive feature of this book consists of being one of the first to apply the approach of performance criticism to ancient Jewish letters. Previous treatments of ancient letters have not given enough consideration to their oral context; however, this book prompts the reader to listen sympathetically with the audience. *The Performance* focuses close attention on the ways in which the engagement of the audience during the performance of a text might be read from traces present in the text itself. This book invites the audience to hear a fresh reading of a family letter from Hermopolis concerning ugly tunics and castor oil, festal letters about issues surrounding the celebration of Passover, Purim, and Hanukkah, a diaspora letter on how to live in a foreign land, and also an official letter concerning the building of the Jerusalem temple. These letters will help us understand a text from the Dead Sea Scrolls, namely MMT. Marvin L. Miller argues for the centrality of performance in the life of Jews of the Second Temple period, an area of study that has

been traditionally neglected The Performance advances the fields of orality and epistolography and supplements other scholars works in those fields Biblical Exegesis, Fourth Edition John H.
