The Haunted Dolls:

Demonic Dolls John Harker, 2015-07-01 Can dolls really become haunted Can demons take possession of people's playthings According to a large number of paranormal investigators exorcists and demonologists the answer is a resounding yes Not only are such phenomena possible they happen fairly often with dolls being one of the most frequent targets of spirit attachment Sometimes those spirits are benign or at the most mischievous But many are outright evil and dangerous This book examines some of the world's most famous haunted dolls Some you may have heard about Others will be new All will make you reconsider the world you thought you knew Here is some of what you'll find inside Robert the haunted doll from Key West A lot of the information out there about him is wrong Find out the truth behind the legend But don't think the truth is any less terrifying Annabelle the demonic doll featured in the movies The Conjuring and Annabelle Find out why the real Annabelle is much much more frightening Peggy the Internet sensation Why you should think twice before looking at her picture Find out which doll started as a hoax turned into a terrifying reality and is now considered one of the most active haunted dolls in the world Discover which exotic locale and tourist attraction is a pediophobe's biggest nightmare You won't believe such a place exists Clown dolls Need more be said These stories and many more are what you'll find in this collection of true accounts from the frightening yet fascinating world of haunted and demonic dolls Reading this book will undoubtedly raise more questions than it answers but one thing is assured you'll never look at a doll the same again [Haunted Dolls](#)

Mills, 2017-02-21 Their Eyes Are Moving Creepy True Stories of the Kids Toys Claim Your FREE Bonuses After the Conclusion Perhaps one of the less common things people feel is a fear of dolls There is something about those little bodies and creepy

little faces that just put people on edge regardless of any past experience they've had, movie they've seen or story they've heard. Pedophobia as this fear is scientifically named can range from modern Barbie and Bratz dolls all the way to porcelain and antique dolls. Some only have a fear of one kind of doll, others have a fear of every doll imaginable. But all in all, the fear is generally classified as one of the many phobias people face in life and isn't taken seriously. Then there are times that dolls should be feared. Not all dolls, not all of a specific kind of doll, but dolls that have been grasped by beings we can't see. Dolls that have been brought under the power of beings we can't normally hear or feel. Dolls that have become haunted. Though they look innocent, harmless, and like the perfect companion for any little boy or girl, these dolls are malevolent, malicious, and horrifying. There's nothing playful about any one of them. Here is a preview of what's inside *Haunted Dolls*, Gina A Girl's Best Friend.
