The Mystic And His Symbols:

The Mystic and His Symbols Maurice H. Farbridge, 2005-12 This scarce antiquarian book is a facsimile reprint of the original. Due to its age, it may contain imperfections such as marks, notations, marginalia, and flawed pages. His Symbols Carl G. Jung, 2012-02-01 The landmark text about the inner workings of the unconscious mind from the symbolism that unlocks the meaning of our dreams to their effect on our waking lives and artistic impulses featuring more than a hundred updated images that break down Carl G. Jung's revolutionary ideas. What emerges with great clarity from the book is that Jung has done immense service both to psychology as a science and to our general understanding of man in society. The Guardian: Our psyche is part of nature and its enigma is limitless. Since our inception, humanity has looked to dreams for guidance. But what are they? How can we understand them? And how can we use them to shape our lives? There is perhaps no one more equipped to answer these questions than the legendary psychologist Carl G. Jung. It is in his life's work that the unconscious mind comes to be understood as an expansive, rich world just as vital and true a part of the mind as the conscious, and it is in our dreams those personal, integral expressions of our deepest selves that it communicates itself to us. A seminal text written explicitly for the general reader, *Man and His Symbols* is a guide to understanding our dreams and interrogating the many facets of identity: our egos and our shadows, the dark side of our natures. Full of fascinating case studies and examples pulled from philosophy, history, myth, fairy tales, and more, this groundbreaking work profusely illustrated with hundreds of visual examples offers invaluable insight into the symbols we dream that demand understanding: why we seek meaning at all and how these very symbols affect our lives. Armed with the knowledge of the self and our shadow, we may build fuller, more receptive lives. By illuminating the means to examine our prejudices, interpret psychological meanings, break free of our influences, and recenter our individuality, *Man and His Symbols* proves to be, decades after its conception, a revelatory, absorbing, and relevant experience. **The Mystical Philosophy of Ibn Masarra and His**
