The Mystic Life Its Place And Value:

Mystics of the Church Evelyn Underhill, 2002-07-08 Evelyn Underhill's classic book on mysticism shows not only the historic development of Christian mysticism and its influence on the Church but gives a deep insight into the spiritual growth of the individual mystics their struggles achievements and influence Covering the whole development of the Christian Church from St Paul to the present century the author illustrates the differing backgrounds and approach of many of the great mystics such as St Augustine of Hippo whose writings helped to create the Church's understanding of its mystical character and St Francis of Assisi whose example proved an inspiration to many The book gives much more than an opportunity to meet the great mystics it also provides a framework for the analysis of true mysticism and false contrasting Catherine of Sienna a girl of the people whose transcendental mysticism benefited many in an age of ecclesiastical degradation with the well born and beautiful Madame Guyon whose excesses brought mysticism into disrepute Evelyn Underhill illuminates the whole of her subject by drawing attention to the differences of approach that can bring mortals along the road to the divine from the zealous militancy of a Loyola to the passivity of the Quietists This absorbing study by one of the great writers on mysticism covers every aspect of the subject and gives a clear understanding of the mystics world in writing that is both informative and stimulating

The Art of Being Human William McNamara, 2018-09-03 In THE ART OF BEING HUMAN Father McNamara has taken a new vital approach to effective socially oriented Christian living in tune with the needs and demands of our times He takes for his theme the basic traditional truth grace builds upon rather than destroys human nature and develops this theme with extraordinary understanding and eloquence The first chapter Becoming Human sets the tone of the book For Father McNamara the sanctifying process is the humanizing process and the way by which one can cultivate the art of being human within oneself He then probes into the very roots of the conditioning processes which daily shape our lives and poses for the reader some incisive questions which demand reflection and inner search Discussions on faith hope love religion mental prayer and spiritual growth follow The final chapters on leisure and leadership are especially provocative since they direct the reader's attention to where the responsibility for the self accomplishment of this art truly lies Father McNamara has the knack of putting his finger directly on the problems of today's living THE ART OF BEING HUMAN does not pretend to have all the answers but it goes a long way toward taking the reader in the right direction Here is a book to read to ponder and to act as its message challenges us to do Magnificat
