Joyce O. Lowrie

The Mystique Of God:

The Mystique Chronicles Tina Taylor, 2014-12-03 From beyond the boundaries of infinity and the vastness of immortal consciousness a prophecy had been conceived within the majestic expanse of the unbound universe As a result the Mystique have sprung from the womb of Mother Earth like the phoenix rising up from the still burning embers of The Desert of Reality Upon the death of his beloved Cortessa Demonno was literally drove beyond the brink of insanity and throughout the ageless millenniums he had taken it upon himself to single handedly wipe his own species off the face of the planet Violet nearly the last living Mystique in existence has finally come upon the end of her inevitable journey Despite the destruction of her species bitter betrayals and malignant diversities Violet has still managed to fulfill a prophecy that is perhaps as ancient as the universe herself Violet must ultimately pass Samantha Jean Doven the mothering host of a new breed of Mystique the proverbial scepter to continue the self sacrificing journey that she cannot continue However in the aftermath of Demonno's reign of terror he continues his contaminated trail of destruction and will stop at absolutely nothing to finish what he has started and destroy all Mystiques along with anything or anyone who is unfortunate enough to cross his path Samantha must stop this insane beast of hatred and rage and save humankind not only from themselves but Demonno as well Samantha must find the strength within to carry the Mystique and humankind alike into a new age and a new millennium because a new time and existence is about to begin What is life Life is the decisions we choose to make woven among our destiny and in the end all is as it should be

A Taste of God

T. van den Hoogen, 2011 In the course of the 20th century a new worldview has arisen in Western society and culture that is defined in this book as immanent mysticism Several major philosophers are sensitive to such a sense of immanent mysticism The same sensitivity is noticeable in the works of poets painters and other artists It expresses the desire for transforming the way to meaningful living A Taste of God shows that theological research programs are innovated by insights from aesthetics and studies of spirituality The book's research indicates that

contemporary Western culture requires a reframing of foundational theology Series Nijmegen Studies in Theology Vol 3

From Virile Woman to WomanChrist Barbara Newman, 2011-12-16 Why did hagiographers of the late Middle Ages praise mothers for abandoning small children How did a group of female mystics come to define themselves as apostles to the dead and end by challenging God's right to damn Why did certain heretics around 1300 venerate a woman as the Holy Spirit incarnate and another as the Angelic Pope In *From Virile Woman to WomanChrist* Barbara Newman asks these and other questions to trace a gradual and ambiguous transition in the gender strategies of medieval religious women An egalitarian strain in early Christianity affirmed that once she asserted her commitment to Christ through a vow of chastity monastic profession or renunciation of family ties a woman could become virile or equal to a man While the ideal of the virile woman never disappeared another ideal slowly evolved in medieval Christianity By virtue of some gender related trait spotless virginity erotic passion the capacity for intense suffering the ability to imagine a feminine aspect of the Godhead a devout woman could be not only equal but superior to men without becoming male she could become a womanChrist imitating and representing Christ in uniquely feminine ways Rooted in women's concrete aspirations and sufferings Newman's womanChrist model straddles the bounds of orthodoxy and heresy to illuminate the farther reaches of female religious behavior in the Middle Ages *From Virile Woman to WomanChrist* will generate compelling discussion in the fields of medieval literature and history history of religion theology and women's studies

The Mystery of God C. C. Rowland, Christopher R. A. Morray-Jones, 2009 This book brings together the perspectives of apocalypticism and early Jewish mysticism to illuminate aspects of New Testament theology The first part begins with a consideration of the mystical character of apocalypticism and then uses the Book of Revelation and the development of views about the heavenly mediator figure of Enoch to explore the importance of apocalypticism in the Gospels and Acts the Pauline Letters and finally the key theological themes in the later books of the New Testament The second and third parts explore the

character of early Jewish mysticism by taking important themes in the early Jewish mystical texts such as the Temple and the Divine Body to demonstrate the relevance of this material to New Testament interpretation **Fullness of Life for All M.**

L. Daneel, Charles Edward van Engen, H. M. Vroom, 2003 This important book is needed today The challenges that Christian churches face have changed immensely in the last quarter century One of the central issues facing the churches everywhere in the world is their missionary presence in their nations and societies The authors of this volume are among the world's leading missiological thinkers and represent major Christian traditions in Europe Africa and North America In this new century the Christian church faces new situations that include for example the fall of communism the globalization of culture cultural and religious minorities and multiple religious majorities in nearly every country ethnic and interreligious tensions relativism and individualism in Western culture the rise of a global impact of a postmodern world view poverty in poor countries and in urban areas in wealthy countries and the decline of Western cultural authority and with notable exceptions of religious authority generally This book speaks of ways in which Christian churches are seeking to respond to these challenges The purpose of this book is to describe some of the main challenges facing the churches in mission today particularly with reference to inter religious conversations all over the world The title of this volume has been derived from the theme of the 24th General Assembly of the World Alliance of Reformed Churches WARC at Accra in August 2004 whose theme is That All May Have Life in Fullness *The Mystery of Union with God* Bernhard Blankenhorn, 2015 The Mystery of Union with God offers the most extensive systematic analysis to date of how Albert and Thomas interpreted and transformed the Dionysian Moses who knows God by unknowing It shows Albert's and Thomas's philosophical and theological motives to place limits on Dionysian apophatism and to reintegrate mediated knowledge into mystical knowing The author surfaces many similarities in the two Dominicans mystical doctrines and exegesis of Dionysius This work prepares the way for a new consideration of Albert the Great as the father of Rhineland Mysticism The original presentation of Aquinas's theology of the Spirit's seven gifts breaks new ground in theological scholarship Finally the entire book lays out a model for the study of mystical theology from a historical philosophical and doctrinal perspective
