Nature of The Beast Hannah Howell, Adrienne Basso, Eve Silver, 2009-09-01 In this captivating new collection from Hannah Howell Adrienne Basso and Eve Silver three women meet the irresistible vampires who are their destiny and discover a passion satisfied only by complete surrender *Dark Hero* by Hannah Howell Unlike most of his clan Berawald MacNachton chooses to live in comfortable seclusion far from the enemies who hunt his kind until Evanna Massey and her young brother intrude upon his solitude *Bride of the Beast* by Adrienne Basso When Haydn of Gwynedd first met Bethan of Lampeter she was a brave and fearless young girl risking her life to save his Now Bethan has grown into a striking courageous woman who needs Haydn's help to defeat her tyrannical stepfather Haydn's dark gift compels him to offer marriage in name only but he cannot deny the passion that sears them both *Kiss of the Vampire* by Eve Silver Devoted to her work at King's College Hospital Sarah Lowell is shocked to discover that someone or something is killing the weakest patients draining them of their blood Killian Thayne an enigmatic surgeon offers Sarah his protection but his sensual commanding presence presents another kind of danger *The Nature of the Beast* Milton Mayer, 1975 *The Nature of the Beast* Thorold Murray Smith, 1963 *The Path to and From the Supreme Court* Kermit L. Hall, 2018-12-07 Available as a single volume or part of the 10 volume set *Supreme Court in American Society* **The Nature of the Page** Joshua Calhoun, 2020-01-24 An innovative study of books and reading that focuses on papermaking in the Renaissance In *The Nature of the Page* Joshua Calhoun tells the story of handmade paper in Renaissance England and beyond For most of the history of printing paper was made primarily from recycled rags so this is a story about using old clothes to tell new stories about plants used to make clothes and about plants that frustrated papermakers best attempts to replace scarce natural resources with abundant ones Because plants like humans are susceptible to the ravages of time it is also a story of corruption and the hope that we can preserve the things we love from decay Combining environmental and bibliographical research with deft literary analysis Calhoun reveals how much we have left to discover in familiar texts He describes the transformation of plant material into a sheet of paper details how ecological availability or scarcity influenced literary output in the sixteenth and seventeenth centuries and examines the impact of the various colors and qualities of paper on early modern reading practices Through a discussion of sizing the mixture used to coat the surface of paper so that ink would not blot into its fibers he reveals a surprising textual interaction between animals and readers He shows how we might read an indistinct stain on the page of an early modern book to better understand the mixed media surfaces on which readers writers and printers recorded and revised history Lastly Calhoun considers how early modern writers imagined paper decay and how modern scholars grapple with biodeterioration today Exploring the poetic interplay between human ideas and the plant animal and mineral forms through which they are mediated *The Nature of the Page* prompts readers to reconsider the role of the natural world in everything from old books to new smartphones **Interpretive Approaches to Interpersonal Communication**

Kathryn Carter, Mick Presnell, 1994-01-01 The authors fill two contemporary needs 1 they provide a collection of essays that raises theoretical and methodological issues in the study of interpersonal communication relevant to all researchers in this area of study and 2 they present a general approach to interpersonal communication that has gained wide acceptance among practitioners and educators but has been under represented by advanced research texts Status of the District of Columbia's Year 2000 Conversion Compliance United States. Congress. House. Committee on Government Reform.

Subcommittee on the District of Columbia, 1999 **The Color of Gender** Zillah R. Eisenstein, 2023-11-15 In this provocative volume Zillah Eisenstein uncovers the hidden sexual and racial politics of the past decade Beginning where she left off in her award winning book *The Female Body and the Law* Eisenstein takes the reader on a feminist inspired road trip traveling from the thicket of recent abortion decisions to the revolutions of 1989 to the murky chambers of the Anita Hill Clarence Thomas hearings Along the way she enunciates a wholly original conception of individual privacy and sexual rights Eisenstein brings a range of topics to her discussion the L A riots crack babies Murphy Brown political correctness the 1992 presidential election the Gulf War She seeks to redirect our thinking about democracy away from universal conceptions that mask racial and gender oppression to the specific realities of women and people of color A respect for multiple differences as represented in the needs of women of color and their bodies is she says essential to inclusive universal rights Reproductive freedoms and sexual equality not abstract notions of civil liberties provide the wellsprings of a meaningful democratic life Using this perspective to evaluate the Eastern European revolutions of 1989 Eisenstein finds that the separation between their ideals and the reality of the market system illustrates the failings of democratic theory especially for women Eisenstein's controversial arguments will provoke a rethinking of what race and gender mean today In this provocative volume Zillah Eisenstein uncovers the hidden sexual and racial politics of the past decade Beginning where she left off in her award winning book *The Female Body and the Law* Eisenstein takes the reader on a feminist inspired **After the Tall Timber** Renata Adler, 2015-04-07 What is really going on here For decades Renata Adler has been asking and answering this question with unmatched urgency In her essays and long form journalism she has captured the cultural zeitgeist distrusted the accepted wisdom and written stories that would otherwise go untold As a staff writer at *The New Yorker* from 1963 to 2001 Adler reported on civil rights from Selma Alabama on the war in Biafra the Six Day War and the Vietnam War on the Nixon impeachment inquiry and Congress on cultural life in Cuba She has also written about cultural matters in the United States films as chief film critic for *The New York Times* books politics television and pop music Like many journalists she has put herself in harm's way in order to give us the news not the news we have become accustomed to celebrity journalism conventional wisdom received ideas but the actual story an account unfettered by ideology or consensus She has been unafraid to speak up when too many other writers have joined the pack In this sense Adler is one of the few independent journalists writing in America today This collection of Adler's nonfiction draws on *Toward a Radical Middle* a selection of her

earliest New Yorker pieces A Year in the Dark her film reviews and Canaries in the Mineshaft a selection of essays on politics and media and also includes uncollected work from the past two decades The more recent pieces are concerned with in her words misrepresentation coercion and abuse of public process and to a degree the journalist s role in it With a brilliant literary and legal mind Adler parses power by analyzing language the language of courts of journalists of political figures of the man on the street In doing so she unravels the tangled narratives that pass for the resolution of scandal and finds the threads that others miss the ones that explain what really is going on here from the Watergate scandal to the preposterous Kenneth Starr report submitted to the House during the Clinton impeachment inquiry to the plagiarism and fabrication scandal of the former New York Times reporter Jayson Blair And she writes extensively about the Supreme Court and the power of its rulings including its fateful decision in Bush v Gore
