A Sitter for a Satyr Jerzy Andrzejewski, 1965 The Columbia Guide to the Literatures of Eastern Europe Since 1945 Harold B. Segel, 2003 The Iron Curtain concealed from western eyes a vital group of national and regional writers Marked by not only geographical proximity but also by the shared experience of communism and its collapse the countries of Eastern Europe Poland Hungary Albania Romania Bulgaria and the former states of Yugoslavia Czechoslovakia and East Germany share literatures that reveal many common themes when examined together Compiled by a leading scholar the guide includes an overview of literary trends in historical context a listing of some 700 authors by country and an A to Z section of articles on the most influential writers **By Its Cover** Ned Drew, Paul Sternberge, 2005-08-11 We all know we re not supposed to judge books by their covers but the truth is that we do just that nearly every time we walk into a bookstore or pull a book off a tightly packed shelf It s really not something we should be ashamed about for it reinforces something we sincerely believe design matters At its best book cover design is an art that transcends the publisher s commercial imperative to reflect both an author s ideas and contemporary cultural values in a vital intelligent and beautiful way In this groundbreaking and lavishly illustrated history authors Ned Drew and Paul Sternberger establish American book cover design as a tradition of sophisticated visual excellence that has put shape to our literary landscape By Its Cover traces the story of the American book cover from its inception as a means of utilitarian protection for the book to its current status as an elaborately produced form of communication art It is at once the intertwined story of American graphic design and American literature and features the work of such legendary figures as Rockwell Kent E McKnight Kauffer Paul Rand Alvin Lustig Rudy deHarak and Roy Kuhlman along with more recent and contemporary innovators including Push Pin Studios Chermayeff Geismar Karen Goldberg Chip Kidd and John Gall Southern Germany and Austria, Including Hungary and Transylvania Karl Baedeker (Firm), 1883 *The Complete Works of Sir John Vanbrugh: Note as to the text. Before Sexuality Froma I. Zeitlin, John J. Winkler, David M. Halperin, 2020-11-10 A dream in which a man has sex with his mother may promise him political or commercial success according to dream interpreters of late antiquity who unlike modern Western analysts would not necessarily have drawn conclusions from the dream about the dreamer's sexual psychology Evidence of such shifts in perspective is leading scholars to reconsider in a variety of creative ways the history of sexuality In these fifteen original essays eminent cultural historians and classicists not only discuss sex but demonstrate how norms practices and even the very definitions of what counts as sexual activity have varied significantly over time Ancient Greece offers abundant evidence for a radically different set of sexual standards and behaviors from ours Sex in ancient Hellenic culture assumed a variety of social and political meanings whereas the modern development of a sex centered model of personality now leads us to view sex as the key to understanding the individual Drawing on both the Anglo American tradition of cultural anthropology and the French tradition of *les sciences humaines* these essays explore the iconography politics ethics poetry and medical practices that made sex in ancient Greece not a paradise of liberation but an exotic locale hardly recognizable to visitors from the modern world In addition to the editors the contributors to this volume are Peter Brown Anne Carson Franoise Frontisi Ducroux Maud W Gleason Ann Ellis Hanson Franois Lissarrague Nicole Loraux Maurice Olender S R F Price James Redfield Giulia Sissa and Jean Pierre Vernant
