Hazel Clarke had lost her job, her best friend, her home, and the man she loved. Now three months later she is back trying to piece together her life. Hazel has sworn off the seductive charms of Hollywood's leading men after being betrayed by her last two boyfriends. Unfortunately she'll have to face her past and all the drama that comes from living in Hollywood and working as the personal assistant to the handsome and famous actor Nick Sterling. Can Hazel trust that Nick is different from the men who've broken her heart, or will the ghosts of her past doom their romance before it even begins?

THE BOSS'S BIG SECRET Scarlett Morgan is the smoking hot young general manager of the ritzy Sterling Lodgings hotel catering to the rich and elite. At just 25 years old she's already running the show until rumors start swirling that the hotel is getting a brand new, crazy handsome boss. When the legendary Arthur Sterling, 31-year-old son of the current owner, shows up to inspect the place, Scarlett is instantly captivated. This guy is the total package: tall, handsome, and devastatingly masculine with an arrogant and assertive presence that just screams boss. And he seems to have Scarlett's number easily, seeing through her professional facade to the hot-blooded woman underneath. However, just as Scarlett thinks she has Arthur's measure, he suddenly shifts the power dynamics, summoning her to his luxurious penthouse suite for a private meeting. Curiosity and undeniable attraction draw her into his lair, but she has no idea what the mysterious dominant Mr. Sterling has in store for her behind closed doors.

English Dramatick Opera, 1661-1706 Andrew R. Walkling, 2019-03-19

English Dramatick Opera 1661-1706 is the first comprehensive examination of the distinctively English form known as dramatick opera which appeared on the London stage in the mid 1670s and lasted until its displacement by Italian through composed opera in the first decade of the eighteenth century. Andrew Walkling argues that while the musical elements of this form are crucial to its definition and history, the origins of the genre lie principally in a tradition of spectacular stagecraft that first manifested itself in England in the mid 1660s as part of a hitherto unidentified dramatic sub-genre to which Walkling gives the name spectacle tragedy. Armed with this new understanding, the book explores a number of historical and interpretive issues, including the physical and rhetorical configurations of performative spectacle, the administrative maneuverings of the two patent theatre companies, the construction and deployment of the technologically advanced Dorset Garden Theatre in 1670-71, the critical response to generic, technical, and ideological developments in Restoration drama, and the shifting balance between machine spectacle and song and dance entertainment.

throughout the later decades of the seventeenth century including in the dramatick operas of Henry Purcell This study combines the materials and methodologies of music history theatre history literary studies and bibliography to fashion an entirely new approach to the history of spectacular and musical drama on the English Restoration stage This book serves as a companion to the Routledge publication *Masque and Opera in England 1656-1688* 2017 *Developing Educators for The Digital Age* Paul Breen,2018-02-21 Evaluating skills and knowledge capture lies at the cutting edge of contemporary higher education where there is a drive towards increasing evaluation of classroom performance and use of digital technologies in pedagogy *Developing Educators for the Digital Age* is a book that provides a narrative account of teacher development geared towards the further usage of technologies including iPads MOOCs and whiteboards in the classroom presented via the histories and observation of a diverse group of teachers engaged in the multiple dimensions of their profession Drawing on the insights of a variety of educational theories and approaches including TPACK it presents a practical framework for capturing knowledge in action of these English language teachers in their own voices indicating how such methods processes and experiences shed light more widely on related contexts within HE and may be transferable to other situations This book will be of interest to the growing body of scholars interested in TPACK theory or communities of practice theory and more widely anyone concerned with how new pedagogical skills and knowledge with technology may be incorporated in better practice and concrete instances of teaching
