**Lost Automobiles and their Stories** Michael Ware,2023-01-31 Many enthusiasts dream of finding a Bugatti or a Bentley in a barn or a long disused building In reality such finds are more likely to be an Austin 7 Ford Popular or a Mini This book is stuffed with these so called barn finds The author has tried to find out the background to the abandonment and the previous history of the as found car when it was in regular use Why was it put away and apparently forgotten Many of the stories have appeared in his Lost and Found column in Classic and Sports Car magazine but a book gives a chance for the expanded story to be told The cars featured date from 1900 through till the 1980 s most come from Great Britain and Europe but there are plenty from Australasia and USA There are well over 200 different cars plus collections featured Each story has at least one illustration to go with it Some of the locations are bizarre a Daimler buried under a rockery a Porsche sunk in Lake Lucerne a Rolls Royce on the roof of a high rise building in Karachi or a Morris 8 special in a Gloucestershire pond There is a chapter on collections of cars put together by seemingly eccentric owners who never got around to restoring them before their death The author is not critical of any of these owners and is grateful for the number of cars they have saved from almost certain destruction **100 Task Cards for Early Finishers: Years 5 - 6** Tarnie Hayward,2021-03-01 With so many students in one
