cultural change The result is the definitive story of Western movies which contributes to our understanding of not just movie history but also the mythic West and American history Because of its subject matter and unique approach that blends movies and history The Sagebrush Trail should appeal to anyone interested in Western movies pop culture the American West and recent American history and culture The mythic West beckons but eludes Yet glimpses of its utopian potential can always be found even if just for a few hours in the realm of Western movies There on the silver screen the mythic West continues to ride tall in the saddle along a sagebrush trail that reveals valuable clues about American life and thought *The American*
