Becoming Aware of Aliens by learning to recognize them - Vol. 1 Angel Jeanne,2016-07-19 The real question is not whether Aliens exist or not They exist Rather we should ask ourselves how they are manipulating us and what we can do in order to defend ourselves These are the thoughts of a writer who has shared her personal experiences in three profound and intense books Each volume is supplemented with illustrations and profiles of the most important alien races and in particular with pictures of real Alien Chips which the author has extracted from her own body It s a book that will blow you away and one that will make you recognize a truth mirrored in your own experience that which you never dared tell anyone In this trilogy the author shares her terrifying experience but also the experiences that filled her with joy It s the beginning of an evolution a howl of rebellion against alien abductions and manipulations a roar in the face of all those who allow this to happen *Children See Dead People* Rob Armstrong, One of the most famous lines in movie history is I see dead people

uttered by a young boy Is there any reason to believe that children can see the dead Do they have spooky powers denied to adults Do they grow out of these powers as they reach puberty Do they forget that they once interacted with the dead One study says that by age seven 65 percent of children have had an imaginary friend Are these imaginary friends actually spirits Do children have the dead as their imaginary playmates They re not imaginary at all They re real but they re dead Children are natural mediums psychics and necromancers They can channel the other world Is the poltergeist phenomenon caused by children s imaginary friends Can imaginary friends operate externally to children s minds Are some children in cahoots with spirits There is nothing more fascinating than the psychic abilities of children and the astonishing thing that eventually happens to them which suppresses their paranormal powers in order to allow them to enter the normal world the adult world What would you prefer to remain a child all your life and have paranormal powers or to become an adult and sacrifice your paranormal powers Nature has made this a tradeoff Do you want to be Peter Pan who can fly but can never grow up or do you want to join the adults and have adult fun and also adult responsibilities Why do children lose their natural powers Is it possible to get these powers back Can adults recover their lost paranormal abilities the abilities which society warned them as children never to play with It s always dangerous to play with fire It s even more dangerous to ignore your natural fire Isn t it time to light up your life
