Forthcoming Books Rose Army,2003 *Memories of an Interesting Life* Col. John H. Roush Jr,Col. John H.

Roush,2009-02-23 This volume presents a dramatic collection of significant combat experiences of 79 men in WWII as told from one combat veteran to another In the 86 chapters are stories involving all the various branches of combat service and all of the various theaters of war Within reminiscences veterans of dangerous encounters are much more apt to open up with details in discussions with men who have also experienced combat Many find it emotionally distressing to talk of the war with the general public or to recall the horrors of warfare This is not a history book nor any attempt to tell the big picture of grand campaigns Instead it is a collection of personal involvements in one at a time incidents of conflict Many ask what was it like in WWII for our conflicts in recent years have been vastly different Searching For Competence: The Initial Combat Experience Of Untested US Army Divisions In World War II Major Benjamin L. Bradley,2015-11-06 The initial combat experience of the 90th Infantry Division in World War II demonstrates the leadership and training problems faced by many new divisions throughout the war Like all newly activated World War II Divisions the 90th had a turbulent two year training period fraught with problems of resources and personnel During the interwar years the Army s readiness was allowed to stagnate below such an acceptable level that when crisis called there was little to build upon Consequently the larger priority of rapidly fielding 90 divisions outweighed considerations for how well those divisions were trained Thus the 90th Division was forced into combat by the exigencies of war with many factors working against it untested officers unfamiliar doctrine limited training on advanced combat skills and the detrimental effects of constant personnel turnover including commanders As the 90th went ashore on Normandy a period of ineffectiveness ensued as soldiers were forced to learn the lessons of training under fire and unsuccessful leaders were replaced Furthermore the 90th Division s period of ineffectiveness seemed extraordinary because it occurred under the spotlight of the Normandy invasion where insufficient planning for the difficulties of hedgerow combat severely slowed the expected pace of advance Undoubtedly the performance of the 90th Division s senior leadership was abysmal but its uncoordinated attacks were the product of training deficiencies experienced by all new divisions Additionally critical evaluation reveals the 90th s early contribution much higher than historically credited and far from the total failure some have labeled it Arn's War Edward C. Arn,2006 Arn writes in a straightforward and engaging manner that avoids false sentimentality or romanticism Instead he gives readers keen insights into the daily life of soldiers locked in gruesome events far beyond their experience and describes how it feels to be under fire to suffer a wound to agonize over the deaths of friends to endure true suffering to sacrifice and to survive Edited and annotated by Jerome Mushkat this memoir is an account of a citizen soldier who survived his baptism by fire during World War II BOOK JACKET **World War II in Literature for Youth** Patricia Hachten Wee,Robert James Wee,2004-11-10 This comprehensive volume provides a wealth of information with annotated listings of more than 3 500 titles a broad sampling of books on the war years 1939 1945 Includes both fiction and nonfiction works about all aspects of the war Professional

resources for educators aligned to the educational standards for social studies technical references periodicals and electronic resources a directory of WWII museums memorials and other institutions and topics for exploration complement this excellent library and classroom resource

Monty's Men John Buckley, 2013-11-26 Historian John Buckley offers a radical reappraisal of Great Britain's fighting forces during World War Two challenging the common belief that the British Army was no match for the forces of Hitler's Germany Following Britain's military commanders and troops across the battlefields of Europe from D Day to VE Day from the Normandy beaches to Arnhem and the Rhine and ultimately to the Baltic Buckley's provocative history demonstrates that the British Army was more than a match for the vaunted Nazi war machine This fascinating revisionist study of the campaign to liberate Northern Europe in the war's final years features a large cast of colorful unknowns and grand historical personages alike including Field Marshal Sir Bernard Montgomery and the prime minister Sir Winston Churchill By integrating detailed military history with personal accounts it evokes the vivid reality of men at war while putting long held misconceptions finally to rest

American Soldiers Peter S. Kindsvatter, 2003-04-03 Some warriors are drawn to the thrill of combat and find it the defining moment of their lives Others fall victim to fear exhaustion impaired reasoning and despair This was certainly true for twentieth century American ground troops Whether embracing or being demoralized by war these men risked their lives for causes larger than themselves with no promise of safe return This book is the first to synthesize the wartime experiences of American combat soldiers from the doughboys of World War I to the grunts of Vietnam Focusing on both soldiers and marines it draws on histories and memoirs oral histories psychological and sociological studies and even fiction to show that their experiences remain fundamentally the same regardless of the enemy terrain training or weaponry Peter Kindsvatter gets inside the minds of American soldiers to reveal what motivated them to serve and how they were turned into soldiers He recreates the physical and emotional aspects of war to tell how fighting men dealt with danger and hardship and he explores the roles of comradeship leadership and the sustaining beliefs in cause and country He also illuminates soldiers' attitudes toward the enemy toward the rear echelon and toward the home front And he tells why some broke down under fire while others excelled Here are the first tastes of battle as when a green recruit reported that for the first time I realized that the people over the ridge wanted to kill me while another was befuddled by the unfamiliar sound of bullets whizzing overhead Here are soldiers struggling to cope with war's stress by seeking solace from local women or simply smoking cigarettes And here are tales of combat avoidance and fraggings not unique to Vietnam of soldiers in Korea disgruntled over home front indifference and of the unique experiences of African American soldiers in the Jim Crow army By capturing the core band of brothers' experience across several generations of warfare Kindsvatter celebrates the American soldier while helping us to better understand war's lethal reality and why soldiers persevere in the face of its horrors
