Body Process James I.

Kepner,2014-10-14 Traditional psychotherapy approaches focusing on working with and correcting mental events and conditions have placed little importance on the fundamentally physical nature of the person Yet many of the problems people bring to therapy are linked with or manifested in the body such as obesity psychosomatic distress chronic tension and sexual problems This book provides a therapeutic approach that addresses both the physical and mental nature of clients In this book James Kepner shows that a client s posture movements and bodily experiences are indeed relevant to therapy and he offers an insightful framework for incorporating these aspects into a therapeutic framework This comprehensive treatment explains how body work can be integrated with the aims methods and philosophy of psychotherapy offering a framework within which practitioners of different theoretical approaches can better appreciate body processes in the context of the whole person rather than as isolated events This book including an updated introduction by the author explores the range of body work in psychotherapy from the development of body awareness to intensive work with physical structure and expression And it demonstrates how this approach can be particularly effective with a range of clients including survivors of sexual abuse recovering drug addicts or alcoholics or those suffering from chronic illness *Even If it Costs Me My Life*

Stephan Hausner,2015-06-03 Family constellations work has broadened and developed in many different fields as a method of counseling and therapy In addition to constellations in organizations and schools applying this approach to working with illness and disease has expanded the potential for healing effects in the field of medicine as well A view of transgenerational entanglements and family dynamics casts a new light on health and disease and the insights gained from constellations with illness and health problems have led to a more holistic view of those who are ill In *Even if it Costs me my Life* Stephan Hausner aims to provide a picture of the healing potential of systemic constellations entering into the reciprocal effects of family dynamics and illness Extensive use of case studies demonstrates this technique in action revealing how existing illnesses and pathologies are rooted within the family dynamic and setting up healing postures to facilitate growth development and direction

Contact and Context Ty Francis,Malcolm Parlett,2016-11-25 This collection brings together some leading figures in Gestalt coaching to take stock of the field and consider how it might move forward It covers the principles of Gestalt coaching and encourages practitioners to rethink the application of Gestalt in new ways and new settings e g leadership management and team development Individual chapters also explore radical and personal perspectives on Gestalt coaching from considering the place of embodiment to being in coaching practice and looking at the transformational micro moments of the client encounter

International Who's Who in Poetry 2004 Europa Publications, 2003 Provides up to date profiles on the careers of leading and emerging poets Rubens and the Eloquence of Drawing Catherine H. Lusheck, 2017-08-07 Rubens and the Eloquence of Drawing re examines the early graphic practice of the preeminent northern Baroque painter Peter Paul Rubens Flemish 1577 1640 in light of early modern traditions of eloquence particularly as promoted in the late sixteenth and early

seventeenth century Flemish Neostoic circles of philologist Justus Lipsius 1547 1606 Focusing on the roles that rhetorical and pedagogical considerations played in the artist s approach to disegno during and following his formative Roman period 1600 08 this volume highlights Rubens s high ambitions for the intimate medium of drawing as a primary site for generating meaningful and original ideas for his larger artistic enterprise As in the Lipsian realm of writing personal letters the humanist activity then described as a cognate activity to the practice of drawing a Senecan approach to eclecticism a commitment to emulation and an Aristotelian concern for joining form to content all played important roles Two chapter long studies of individual drawings serve to demonstrate the relevance of these interdisciplinary rhetorical concerns to Rubens s early practice of drawing Focusing on Rubens s Medea Fleeing with Her Dead Children Los Angeles Getty Museum and Kneeling Man Rotterdam Museum Boijmans Van Beuningen these close looking case studies demonstrate Rubens s commitments to creating new models of eloquent drawing and to highlighting his own status as an inimitable maker Demonstrating the force and quality of Rubens s intellect in the medium then most associated with the closest ideas of the artist such designs were arguably created as more robust pedagogical and preparatory models that could help strengthen art itself for a new and often troubled age Drawing of the Hand Joseph M.
