Terror In Florida:

Terror in Florida Roy MacGregor, 2005 **The American Terrorist** Terry L. Oroszi, David H. Ellis, 2019-01-28 Readers of *The American Terrorist* will be able to discuss terrorism like an expert. The book explains why some criminals are labeled as terrorists but others are not and compiles the attributes of 500 American citizens charged with acts related to terrorism into an 8 marker profile of an American terrorist. Acts of terrorism may only impact a few but the fear they invoke permeates the entire country and divides us. This book gives power back to the community to identify a developing terrorist and offers tools to re-engage them back into society and steer them down a better path. The reader will also find a complete list and summaries of domestic and international terrorist organizations with which American terrorists align. Features: The Mindset of An American Terrorist is thoroughly examined including social marital and economic class education profession race gender sexuality religion and the desire for political freedom. Is Your Neighbor A Terrorist? Determine your state of security based on the citizenship homeland and local residence of American terrorists. The American Male Terrorist is well known or is he? Find out if your assumptions about the age education allegiance marital status and mental health are correct. Recognizing a Developing Terrorist. The book reviews historical terrorist profiling and then devises a new 8 marker profile of a developing terrorist supported by statistics and case studies.
