Thomas, Catherine Barr, 2005 A guide to more than eight hundred fiction series including graphic novels and manga *Scary Park Ranger Horror Stories* Graham Scare, 2022-11-15 We've all experienced the terror of things that go bump in the night but try to picture yourself alone in a wilderness miles from civilization and any hope of rescue. Many park rangers live their lives in this manner. Rangers are frequently left to manage parks on their own lasting weeks or months without speaking to a single person. Some truly spooky things may occur in the bush at that calm period. We created short stories where we discovered some of the spookiest sights and experiences that park guards had had. These stories which range from the harshest aspects of nature to inexplicable mysteries can convince you to give up camping permanently.

Trilogy of Terror Alfonso Moret, 2013-02-21 Roman and Elsbone were veteran animal trappers and hunters. They were warned by the Chalukyas tribesmen that the Devil Dogs were ferocious and did not fear man or any other animal. The hunters were experienced predators and huntsmen and knew that the wild beast that the tribesmen were leery of were just Himalayan tempestuous wolves. The Chalukyas tribesmen disclosed to the hunters that they had seen two Devil Dogs bring down a huge wild boar and tear it apart one evening at the base of the Mahila Mountains. It is known amongst hunters and wildlife individuals that no wild animal, beast, or man wants any part of the violent, desolate, fierce boars; these Devil Dogs were fearsome and vicious. The major deciding factors that finally made the huntsmen want to seek and capture the wolves were these main issues. One, the Los Angeles zoo was offering a large amount of money for two legendary Devil Dogs from India. The second aspect was they heard that a single Devil Dog had fought and killed a Siberian Tiger; this factor increased their inquisitiveness and curiosity of this sensational beast and its folklore. Their egos also played a part in their judgment to capture the animals. An element they had to contemplate and had caused them concern was that they were told that the beast only comes out after the sun has set. Nightfall is an advantageous factor for the nighttime predator. So these beasts were nocturnal hunters; this was not an odd characteristic for any wolf, but still it was a concern for the hunters. All these tidbits of information just enticed Roman and Elsbone even more and it heightened their hunting and ego desires. The two English veteran hunters were now traveling toward their prey and compensations as they were now heading toward the foothills of the snowcapped Himalayas, the hunting grounds of the Devil Dogs. The huntsmen eventually had left their regular and familiar stomping grounds of South Africa years earlier because of the civil turmoil that continues to cause chaos and havoc with many of the unsettled tribes and conformed city dwellers. The other object and issue was now there are all the new

restrictions and hunting laws causing hardship on hunters and trappers also there were the conservation laws protecting the wild beast limiting them even more Elsbone and Roman left Africa and went and took their trade to South America But after some time they grew tired of the humid atmosphere the different language and customs along with the constant damp eerie rain forest So now they were here in India following the harsh rumors of the ferocious wild Devil Dogs that killed cattle pigs and villagers and now they also heard even killed mountain lions The hunters journey did have some hardships They needed to travel far through hot rough desolate deserts with very cold nights *Scary Creature Encounters Horror Stories* Mark Coogan, 2022-11 Despite all the numerous scientific advancements there are still certain phenomena that appear to defy explanation Almost all continents and cultures have stories of terrifying enigmatic animals and many of these creatures known as cryptids are said to still sometimes appear People all across US reported their encounters with these enigmatic creatures which vary from unsettling to horrifying Read through these terrifying cryptid sightings and you ll surely have nightmares
