New Testament Faith for Today Amos N. Wilder,2014-05-06 What was the faith behind the proclamations of Jesus the message of Paul and the Johannine witness and how can it be recovered today This penetrating and provocative book seeks to probe the various formulations of religious faith in the New Testament with a view to recovering the real essence and genius of Christianity today Dr Wilder sees three principal strains often harmonious but sometimes disparate in New Testament faith the proclamations of Jesus the message of Paul and the witness of John the Evangelist First he studies what has happened to our faith since its original message emerged from the concrete historical act and the resultant community of experience In the time since flesh and spirit as well as humanity and divinity have come to be regarded as mutually exclusive making it necessary for scientific humanism to develop a language of its own for religion has lost communication with it Jesus message however was a total claim and a total hope a prophetic forecast of human destiny Paul though he spoke a different language and used different symbols laid the groundwork for an epochal revolution of the race John for his part emphasized eternal life here and now and previsioned a Christian freedom Dr Wilder ends with a stirring plea for a postliberal viewpoint that will recover the insights of the past without its mythology and terminology **The Old Testament Roots of Our Faith**

Paul J. Achtemeier,Elizabeth Rice Achtemeier,1994 The heart of the Christian faith rests upon the confession Jesus is Lord yet faithful Christians sometimes overlook the fact that the Lordship of Jesus is firmly rooted in the promises and prophecies of the Old Testament Moreover knowing Jesus more fully entails knowing the story of God s salvation that was planned before the foundation of the world Modern readers tend to forget that the declaration before Abraham was I am underscores the continuity between the promise to Abraham and its fulfillment in Christ Acquiring a basic understanding of the relationship between the Old and New Testaments with respect to salvation s drama will enrich every reader s faith and appreciation for the Scriptures **A Theology of Testament in the Young Luther** K. A. Hagen,1974 **Biblical**

Theology of the Old and New Testaments Brevard S. Childs,1993-04 This monumental work is the first comprehensive biblical theology to appear in many years and is the culmination of Brevard Child s lifelong commitment to constructing a biblical theology that surmounts objections to the discipline raised over the past generation Childs rejects any approaches that overstress either the continuity or discontinuity between the Old and New Testaments He refuses to follow the common pattern in Christian thought of identifying biblical theology with the New Testament s interest in the Old Rather Childs maps out an approach that reflects on the whole Christian Bible with its two very different voices each of which retains continuing integrity and is heard on its own terms The Faith That Saves Fred Chay,John P. Correia,2012-08-21 Endorsements There

is no more important issue in theological study than the meaning of faith in the New Testament The perennial problem of the misunderstanding concerning the nature of faith has produced a variety of theological errors as well as pastoral problems for the church In a day of rampant theological confusion concerning justification by faith the nature of faith is paramount This book provides a penetrating examination through exegetical precision concerning the nature of faith For those who believe in faith alone in Christ alone this book will guide you into an understanding of what faith is and what it is not This is a book that needed to be written and a book that must be read Earl Radmacher ThD President Emeritus Western Seminary Most evangelical Protestants agree that salvation is by faith alone in Christ alone However what they cannot agree on is the meaning of faith Are there different kinds of faith in the Bible Is there saving faith and non saving faith Is faith a matter of the mind or the mind and the emotions or the mind emotions and will Is faith active or passive on the part of the believer Is it a gift of God or a work of man All these questions and many more are explored in depth by Chay and Correia They have done a commendable job of dealing with words studies grammatical nuances and debated passages Such a work is long overdue Dave Anderson PhD President and professor of Theology Grace School of Theology President Free Grace Alliance About the Contributor s Fred Chay Th M Ph D is Professor of Theology and Director of the Doctor of Ministry Program at Phoenix Seminary He is the founder and President of Grace Line Ministry John Correia M Div is a Senior Pastor and Adjunct Professor in Phoenix

The Faith of the New Testament Alexander Nairne, 1920 [Ratzinger's Faith](#) Tracey Rowland, 2008-03-06

A general introduction to the theology of Pope Benedict XVI including his approach to issues in moral and political theology ecclesiology liturgy interpretations of the documents of the Second Vatican Council and the theology of history Tracey Rowland also addresses the question of Pope Benedict's place in the constellation of contemporary Catholic theologians It has become a commonplace observation that Pope Benedict has been influenced by the thought of St Augustine in contrast to many of his predecessors in the papacy who were much more strongly influenced by St Thomas Aquinas Rowland therefore asks in what way Benedict is an Augustinian and how this marked difference in theological perspective may play out in the coming years Her book includes an extensive thematic bibliography which will be valuable for students
