Tetum Ghosts And Kin Fieldwork In An Indonesian Community:

Tetum Ghosts and Kin David Hicks,1976 Tetum Ghosts and Kin - Vuffi David Hicks,1976 **Tetum Ghosts and Kin** David Hicks,1988 Dr Hicks concentrates on ghosts kin in this analysis of the symbols employed in the ritual myth of the Tetum society East Timor at the Crossroads Peter Carey,G. Carter Bentley,1995-09-01 In a rapidly changing post Cost War world where many age old conflicts and injustices are at last being put to rights East Timor stands out as a still unresolved tragedy In the past twenty years 1975 95 this former Portuguese colony has been under Indonesian military occupation an occupation responsible for the death of over 200 000 of its inhabitants a third of its pre 1975 population and the destruction of much of its indigenous society Yet despite enormous odds the people of East Timor continue to fight for the independence which was denied them in the mid 1970s Twenty years on there is now a very real chance for a new beginning in East Timor This book which brings together contributions by both East Timorese and Western specialists of East Timor provides a compelling account of the process by which a once isolated and traditional society has been forged into a nation with a deep sense of its own identity rooted in its unique religious cultural linguistic and historical heritage Indonesia is at last beginning to realize the cost of Third World colonialism and its Western allies are becoming less tolerant of its security state methods The last section of this book considers the new diplomatic initiatives which are currently in train under the auspices of the UN to bring about a resolution to the Timor problem without jeopardizing the integrity of the Indonesian Republic An extensive bibliography of titles on East Timor published between 1970 and 1994 will prove especially useful for scholars Inside Austronesian Houses James J. Development and Nation-Building in Timor-Leste Vandra Harris, Andrew Goldsmith, 2012-03-29 Despite Timor Leste's high expectations when it became independent from Indonesia in 2002 the country is ranked among the least developed countries in the world This book draws together the perspectives of practitioners policy makers and academics on the international efforts to rebuild the world's newest nation

The Trickster and the Paranormal George P. Hansen, 2001-08-20 Paranormal and supernatural events have been reported for millennia They have fostered history's most important cultural transformations e.g. via the miracles of Moses Jesus Mohammed Paranormal phenomena are frequently portrayed in the world's greatest art and literature as well as in popular TV shows and movies Most adults in the U.S. believe in them Yet they have a marginal place in modern culture No university departments are devoted to studying psychic phenomena In fact a panoply of scientists now aggressively denounces them These facts present a deeply puzzling situation But they become coherent after pondering the trickster figure an archaic being found worldwide in mythology and folklore The trickster governs paradox and the irrational but his messages are concealed This book draws upon theories of the trickster from anthropology folklore sociology semiotics and literary criticism It examines psychic phenomena and UFOs and explains why they are so problematical for science
