well organized set of state key point reviews ideal for pre test memorization But let s not dismiss the importance of the national content either TX RELEP s national key point reviews are a succinct compression of tested national principles and practices that comprise the national portion of state license exams from coast to coast Our content is drawn from our own national textbook Principles of Real Estate Practice one of the most widely used principles textbooks in the country Finally our national content as well as our question selection is further tailored to the state testing outline promulgated by Pearson Vue for Texas Thus the breadth and depth of the law reviews and test questions reflect the topic emphasis of your state s testing service and your Texas license exam A word about the test questions TX RELEP s testing practice section consists of ten national practice tests six state practice tests and one state exam sample test The practice tests are roughly 50 questions in length and the sample test is 100 questions The test questions are designed to cover the content covered by the law reviews which reinforces your learning of the total body of information tested by your Texas exam The questions are direct to the point and designed to test your understanding When you have completed a given test you can check your answers against the answer key in the appendix You may also note that each question s answer is accompanied by a brief explanation or rationale to further reinforce your understanding In the end as you know it s all up to you Unlike other publications we are not going to tell you that using this book will guarantee that you pass your state exam It still takes hard work and study to pass But we have done our best here to get you ready Following that the most we can do is wish you the best of success in taking and passing your Texas real estate exam So good luck For students looking for a more comprehensive Texas Principles I II textbook we publish Principles of Real Estate Practice in Texas      **Modern Real Estate Practice in Texas** Cheryl Peat Nance,2000      Let the Seller Beware Reba Saxon,2016-01-01 Why this handbook Texas real estate contracts are driven by consumer focused law In some ways it is as if the seller is viewed as a giant corporate manufacturer of this large product to be sold for many thousands of dollars vs the poor defenseless buyer whom we must protect To provide this protection there are more than thirty outs for buyers in our residential contract and related addenda There are only three for the Seller This book outlines and explains the entire Texas Real Estate Sales Contract for the resale of One to Four Family Residential properties and includes all related addenda explained by a seasoned negotiator It will benefit any Agent Broker Buyer or Seller of residential property in Texas Many of the aspects may also apply to contracts available in other states but this book applies to practice in Texas The real estate sales contract is THE most important document in a real estate agent s briefcase Listing agreements are nice buyer representation agreements are nice but their use only indicates the possibility of income Nobody is going to get paid until a contract is written and closed It is imperative that you know the contract inside and out for yourself and for your clients since the contract conveys property and large sums of money It is the single most important aspect of our business      **Texas Real Estate Agency** Donna K.
