Siren Promised:

Siren Promised Alan M. Clark, 2017-04-24 Angie Smith and Curtis Loew are having dreams they can't shake. At the heart of each is Angie's daughter Kaya. Angie's dreams end in death, the spreading of hand-shaped bruises across her daughter's throat. Curtis dreams end in something else, something closer to obsession than love. Angie is worlds away, trying to keep her drug-shattered mind from falling apart, traveling through an American underbelly filled with inhuman shapes, dark whispers, and old friends with empty eyes. Curtis is Kaya's new neighbor. He's getting closer to her, and her mentally unstable grandmother Colleen. He's had families before, but he'd always made mistakes. Mistakes that led to new names, new towns. But this one time, he swears things will all work out. He's got so much love to give. *Sirens* Michael Bull, 2020-02-06

Sirens are sounds that confront us in daily life, from the sounds of police cars and fire engines to less often, tornado warnings. Ideologies of sirens embody the protective, the seductive, and the dangerous elements of siren sounds from the US Cold War public training exercises in the 1950s and 1960s to the seductive power of the sirens entrenched in popular culture from Wagner to Dizzee Rascal, from Kafka to Kurt Vonnegut, from Hans Christian Andersen to Walt Disney. This book argues, using a wide array of theorists from Adorno to Bloch and Kittler, that we should understand siren sounds in terms of their myth and materiality, and that sirens represent a sonic confluence of power, gender, and destructiveness embedded in core Western ideologies to the present day. Bull poses the question of whether we can rely on sirens both in their mythic meanings and in their material meanings in contemporary culture. **Siren's Song** K. M. Tolan, 2016-07-04

Humans call the crystalline creatures Sirens. They can kill with a scream. Decapitate with a single slash of their cutting fins. The aliens are the most vicious life form Earth has ever encountered, and Scott has one trapped in his mind. Her name is Water, and her hatred for Scott's species is only matched by her desire to be free of him. Scott couldn't agree more, but neither of them understands the cost of letting her out. In order to save their sanity, Scott and Water have to save her people. *Bucket of Face* Eric

Hendrixson, 2010-10 Thirteen years after a police officer searching a suspected child molester's home spilled a vial of silver pollen, America is still struggling with how to recognize its sentient fruit population. Charles is just a normal guy working at a doughnut shop until an apple and a banana shoot each other in a mafia dispute, leaving a briefcase full of foreign currency and a specimen bucket at the corner booth. When Charles turns the wiseguys into doughnuts and steals their luggage, hoping for a better life for himself and his kiwi fruit girlfriend, he finds himself in the middle of a mafia war. As his girlfriend travels the DC metro area selling off the contents of the bucket, Charles finds he is the target of a seasoned hitman who happens to be the biggest Michael Jackson fan who ever lived. *The Egg Said Nothing* Caris O'Malley, 2010 Meet Manny.
