crew of Krupt FM and their recent *People Just Do Nothing* Big in Japan 2021 the British sitcom spinoff can be interpreted as following a full generic life cycle Starting with the formative stage where works from *Hi Gang* 1941 to *I Only Arsked* 1958 establish the genre's characteristics the spinoff genre moves to its classic stage where secure for form and content it enjoys considerable popular success with films like *Till Death Us Do Part* 1969 *On the Buses* 1971 *The Likely Lads* 1976 and *Rising Damp* 1980 the genre's revival since the late 1990s reveals a more parodic final stage with films like *The League of Gentlemen's Apocalypse* 2005 adopting a consciously self-reflective mode It is also posited that the sitcom spinoff film is a viable source for social history with the often stereotypical representations of characters and events an often blatant ideological metonym for the concerns of wider British society notably in issues of class race gender and sexuality
