Mary Louise Briscoe, 1982 This bibliography provides access to over 5 000 American autobiographies published in book form by private and commercial presses from 1945 through 1980 intro **Comfort**, 1901 **The National Cyclopaedia of American Biography, Being the History of the United States as Illustrated in the Lives of the Founders, Builders, and Defenders of the Republic, and of the Men and Women who are Doing the Work and Moulding the Thought of the Present Time**, 1893 *The New International Year Book*, 1917 *Herringshaw's Encyclopedia of American Biography of the Nineteenth Century* Thomas William Herringshaw, 1898 *John Mills Van Osdel, Architect, and his Chicago* Burtram Collver Hopkins II, There is no question that Chicago is an architecturally significant city But before Louis Henry Sullivan John Wellborn Root and Frank Lloyd Wright before modernism there lived a man whose designs built it from the ground up Written by his descendant retired architect Burtram C Hopkins II more than a century later this book traces the incredible mark left on Chicago by architect John Mills Van Osdel a mark tragically largely wiped out by the Great Fire of 1871 From the time he arrived in 1837 to his death in 1891 Van Osdel watched the city swell from a village of around a thousand people to a bustling metropolis of hundreds of thousands Though his name is little known today he played a crucial role in establishing architecture as a discipline in Chicago drafting the Chicago Architect s Code one of the first of its kind laying the groundwork for the skyscrapers that would become the hallmark of the First Chicago School of Architecture and contributing hundreds of architecturally significant structures to the growing urban landscape as well as countless more some still surviving in other parts of Illinois Iowa Indiana Michigan and Arkansas Van Osdel s impact would reverberate in large part through his family many of whom themselves pursued architectural and artistic careers including his nephew and business partner John Mills Van Osdel II This truly encyclopedic book traces this inheritance with a section on Van Osdel II doubling as both an architectural history and a work of family genealogy Vast in scope and exhaustively detailed it is sure to make an invaluable addition to the shelves of anyone interested in this powerhouse of American architecture and his influential family who helped transform Chicago from a frontier town on Lake Michigan to the capital of industry it is today Real Estate Record and Builders' Guide, 1914 **The National Cyclopaedia of American Biography**, 1907 **The National Cyclopaedia of American Biography**, 1904 **From Craft to Profession** Mary N. Woods, 2023-04-28 This is the first in depth study of how the architectural profession emerged in early American history Mary Woods dispels the prevailing notion that the profession developed under the leadership of men formally schooled in architecture as an art during the late nineteenth century Instead she cites several instances in the early 1800s of craftsmen builders who shifted their identity to that of professional architects While struggling to survive as designers and supervisors of construction projects these men organized professional societies and worked for architectural education appropriate compensation and accreditation In such

leading architectural practitioners as B Henry Latrobe Alexander J Davis H H Richardson Louis Sullivan and Stanford White Woods sees collaborators partners merchandisers educators and lobbyists rather than inspired creators She documents their contributions as well as those far less familiar of women architects and people of color in the profession s early days Woods s extensive research yields a remarkable range of archival materials correspondence among carpenters 200 year old lawsuits architect client spats the organization of craft guilds apprenticeships university programs and correspondence schools and the structure of architectural practices labor unions and the building industry In presenting a more accurate composite of the architectural profession s history Woods lays a foundation for reclaiming the profession s past and recasting its future Her study will appeal not only to architects but also to historians sociologists and readers with an interest in architecture s place in America today This title is part of UC Press s Voices Revived program which commemorates University of California Press s mission to seek out and cultivate the brightest minds and give them voice reach and impact Drawing on a backlist dating to 1893 Voices Revived makes high quality peer reviewed scholarship accessible once again using print on demand technology This title was originally published in 1999 This is the first in depth study of how the architectural profession emerged in early American history Mary Woods dispels the prevailing notion that the profession developed under the leadership of men formally schooled in architecture as an art during t Guide to Reprints ,2000 **An Early Encounter with Tomorrow** Arnold Lewis,1997 Chicago in the late nineteenth century was the wonder city of the Western world its famous Loop the laboratory in which to study innovative commercial architecture There Old World assumptions were overthrown by New World realities as the past was discounted the present glorified and the future eagerly anticipated **Catalogue of the Public Library, 1892** ,1892 *American Art Annual* ,1910 *American Art Directory* ,1903 The biographical material formerly included in the directory is issued separately as Who s who in American art 1936 37 **American Art Directory** Florence Nightingale Levy,1910 **The Journal of American History** ,1908 **The Chicago School of Architecture** Carl W. Condit,1964 This thoroughly illustrated classic study traces the history of the world famous Chicago school of architecture from its beginnings with the functional innovations of William Le Baron Jenney and others to their imaginative development by Louis Sullivan and Frank Lloyd Wright The Chicago School of Architecture places the Chicago school in its historical setting showing it at once to be the culmination of an iron and concrete construction and the chief pioneer in the evolution of modern architecture It also assesses the achievements of the school in terms of the economic social and cultural growth of Chicago at the turn of the century and it shows the ultimate meaning of the Chicago work for contemporary architecture A major contribution by one of the world s master historians of building technique Reynier Banham Arts Magazine A rich organized record of the distinguished architecture with which Chicago lives and influences the world Ruth Moore Chicago Sun Times Guide to Reprints, 2003 K G Saur Books,2002-10
