Muhannad Ayyash, 2025-07-22 This interdisciplinary book provides timely fresh perspective on Palestine Israel by rethinking the nature of settler colonial sovereignty and the relationship between land and people Muhannad Ayyash argues that this relationship comes in two distinct forms a settler colonial type practiced by the Israeli state that consists of lordship over land and people and a decolonial type seen in Palestinian popular organizing that he calls land as life a reciprocal bond The former is characterized by private ownership possession and violent expulsion of others the latter by communal ownership belonging to the land and opposition to the violence of expulsion Ranging widely across theory and history Ayyash contends that the opposition between these two types is at the core of the Palestinian Israeli struggle The choice before us today he concludes is between the continuation of the Israeli settler colonial project in particular and the project of colonial modernity in general or the commencement of a decolonial age in Palestine Israel and beyond Offering both novel theorizations and politically engaged analysis Lordship and Liberation in Palestine Israel illuminates how decolonial sovereignties represent an alternative to settler colonial violence **Surf & Hot Rod Music of the 60's: Collectors Quick Reference** R.
