The Complete Short Stories In 3 Vols:

The Complete Short Stories [in 3 Vols.]. Guy de Maupassant, 1970 **The Short Story** Valerie Shaw, 2014-07-21

Throughout this text Valerie Shaw addresses two key questions What are the special satisfactions afforded by reading short stories and How are these satisfactions derived from each story's literary techniques and narrative strategies She then attempts to answer these questions by drawing on stories from different periods and countries by authors who were also great novelists like Henry James Flaubert Kafka and D H Lawrence by authors who specifically dedicated themselves to the art of the short story like Kipling Chekhov and Katherine Mansfield by contemporary practitioners like Angela Carter and Jorge Luis Borges and by unfairly neglected writers like Sarah Orne Jewett and Joel Chandler Harris Major Short Stories of D.H. Lawrence Martin F. Kearney, 2016-12-05 First published in 1998 This reference guide is designed for those who would be knowledgeable readers of major short stories by D H Lawrence when the store of scholarship investigation and appraisal is far too vast for all but the expert An inclusive examination of what has been written about these short stories each chapter deals with a different short story and consists of five distinct sections 1 the complete publication history including all revisions and variants 2 a thorough examination of recognized and hitherto unrecognized sources as well as the influences at work on Lawrence in the creation of the story 3 the story's relationship to Lawrence's other writings 4 acknowledgement and summary of all extant critical studies and 5 a bibliography of works cited This study concentrates on six short stories culled from Lawrence's more than fifty works of short fiction **John Buchan and the Idea of Modernity**

Kate Macdonald, Nathan Waddell, 2015-10-06 Considered a quintessentially popular author John Buchan was a writer of fiction journalism philosophy and Scottish history By examining his engagement with empire psychoanalysis and propaganda the contributors to this volume place Buchan at the centre of the debate between popular culture and the modernist elite

Sailor Talk Mary K. Bercaw Edwards, 2021-03-01 This book investigates the highly engaging topic of the literary and cultural significance of sailor talk The central argument is that sailor talk offers a way of rethinking the figure of the nineteenth century sailor and sailor writer whose language articulated the rich layered and complex culture of sailors in port and at sea From this argument many other compelling threads emerge including questions relating to the seafarer's multifaceted identity maritime labor questions of performativity the ship as theater the varied and multiple registers of sailor talk and the foundational role of maritime language in the lives and works of Herman Melville Joseph Conrad and Jack London The book also includes nods to James Fenimore Cooper Rudyard Kipling and Robert Louis Stevenson Meticulous scholarly research underpins the close readings of literary texts and the scrupulously detailed biographical accounts of three major sailor writers The author's own lived experience as a seafarer adds a refreshingly materialist dimension to the subtle literary readings The book represents a valuable addition to a growing scholarly and political interest in the sea and sea literature By taking the sailor's viewpoint and listening to sailors' voices the book also marks a clear intervention in this

developing field **The Routledge Research Companion to Anthony Trollope** Deborah Denenholz Morse, Margaret Markwick, Mark W. Turner, 2016-09-01 Bringing together leading and newly emerging scholars The Routledge Research Companion to Anthony Trollope offers a comprehensive overview of Trollope scholarship and suggests new directions in Trollope studies The first volume designed especially for advanced graduate students and scholars the collection features essays on virtually every topic relevant to Trollope research including the law gender politics evolution race anti-Semitism biography philosophy illustration aging sport emigration and the global and regional worlds The Cult of the Ego Eugene Goodheart, 2018-10-08 Goethe once remarked that every emancipation of the spirit is pernicious unless there is a corresponding growth of control This remark may be taken as a motto for Eugene Goodheart's study of an aspect of the cultural history of the past two hundred years In separate chapters on Rousseau Stendhal Goethe and Carlyle Dostoevsky Whitman Lawrence and Joyce Goodheart discovers a community of concern which he calls the cult of the ego All these writers examined here in one way or another deal with the emancipation of the spirit with all its promise and danger The characteristic attempt is to extend the boundaries of the self by going beyond the area of safety and thereby risking even the destruction of the self They advance the claims of the self at the same time seeking the controls that will secure these claims The artist hero becomes the central figure in Goodheart's volume since it is he who comes to exemplify the possibilities of the cult of the ego Their efforts Goodheart argues have ambiguous results The seeds of contemporary nihilism are in the failures of these writers to master the chaos of egoism which they helped engender But their heroism was partly in the effort of resistance moral religious aesthetic In a large portion of modern literature resistance has been abandoned either out of exhaustion or out of fascination with the destructive tendency of modern life in Beckett's phrase a world endlessly collapsing In his introduction to this first paperback edition Goodheart discusses the book's origin in relation to the counter cultural unrest of 1968 when it was first published and weighs its theme of the emancipated self against current postmodern assertions of the death of the author The Cult of the Ego is written with admirable clarity and economy Its interests are literary moral and political Moving freely and knowledgeably among various national literatures Goodheart has made an original and valuable contribution to the field of comparative literature Eugene Goodheart is Edytha Macy Gross Professor of Humanities Emeritus at Brandeis University Among his books are *Novel Practices* *Classic Modern Fiction* *Modernism and the Critical Spirit* *Culture and the Radical Conscience* and *Confessions of a Secular Jew A Memoir* all available from Transaction

Jack London, Enhanced Ebook Cecelia Tichi, 2015-09-09 Jack London 1876-1916 found fame with his wolf dog tales and sagas of the frozen North but Cecelia Tichi challenges the long standing view of London as merely a mass market producer of potboilers A onetime child laborer London led a life of poverty in the Gilded Age before rising to worldwide acclaim for stories novels and essays designed to hasten the social economic and political advance of America In this major reinterpretation of London's career Tichi examines how the beloved writer leveraged his written words as a force for the

future Tracing the arc of London's work from the late 1800s through the 1910s Tichi profiles the writer's allies and adversaries in the cities on the factory floor inside prison walls and in the farmlands Thoroughly exploring London's importance as an artist and as a political and public figure Tichi brings to life a man who merits recognition as one of America's foremost public intellectuals This enhanced e book edition of Jack London features significant archival motion picture footage Eight ebook enhancements take readers into the motion picture world of Jack London's 1900s to the very sights that impacted his bestselling writings Readers get front row seats to the terrifying San Francisco earthquake of 1906 to the Hawaiian beachfront where London first saw the Waikiki surf riders to ringside where prizefighters battled for championships These and other historic film footage clips make this an ebook for the twenty first century

Criticism of Society in the English Novel Between the Wars Hena Maes-Jelinek, 2013-05-22 The main concern of this study is the artist's vision of society its major theme is the relation between the individual and society resulting from the impact of social and political upheavals on individual life By criticism of society I mean the novelist's awareness of the social reality and of the individual's response to it the writers I deal with all proved alive to the changes that were taking place in English society between the two World Wars Though the social attitudes of the inter war years as well as the writers response to them were shaped by lasting and complex influences such as trends in philosophy and science the two Wars stand out as determining factors in the development of the novel the consequences of the First were explored by most writers in the Twenties whereas in the following decade the novelists felt compelled to voice the anxiety aroused by the threat of another conflict and to warn against its possible effects After the First World War many writers felt keenly the social disruption the old standards which were thought to have made this suicidal War possible were distrusted the code of behaviour and the moral values of the older generation were openly criticized for having led to bankruptcy Disparagement of authority increased the individual's sense of isolation his insecurity his disgust or fear Even the search for pleasure so widely satirized in the Twenties was the expression of a cynicism born of despair The ensuing disengagement of the individual from his environment became a major theme in the novel his isolation was at once a cause for resentment and the source of his fierce individualism
