Sintra A Landscape With Villas:

Sintra José Cornélio Silva, Gerald Luckhurst, 2003 *Sintra*, 1989 Gardens of the Iberian Peninsula Nadja Horsch, Michael Scholz-Hänsel, Marta Oliveira Sonius, 2023-11-22 In garden research Spanish and Portuguese green spaces are scarcely visible This is a striking contrast not only to their diversity and quality but also to the global network of both countries especially during the Early Modern period To counterbalance this specialists from Spain Portugal and Germany gathered in 2021 on an international and interdisciplinary conference In the Portuguese Palace of Queluz they discussed the fundamental issues of garden art on the Iberian Peninsula Their contributions are collected in this book They are proof of a cross border transcultural approach which has freed itself from national stereotypes Also it addresses insights which have been derived from the cultural interaction across the centuries and the different epochs of garden art *Botanic Gardens of the World* Deborah Trentham, 2023-09-28 Selected as one of the Sunday Times best gardening books of 2023 Discover the lavish beauty and fascinating history of the 40 most important and inspiring botanic gardens from across the globe From the Renaissance gardens of Italy to the futuristic botanic gardens of Singapore this gorgeous book tells the story of these unique institutions It is a history of science and learning of politics and national interests of societal concerns and conservation But most of all it is a compelling exploration of the power and possibility of the natural world that we are still merely scratching the surface of Expert garden historian Deborah Trentham has selected the world's most important gardens and delves deep into the history of these horticultural institutions sharing stories of exploration extraordinary plants and the scientific breakthroughs which have shaped these stunning gardens Filled with rare and beautiful plants and incredible locations from around the globe from Norway to Morocco Kyoto to Kew Brooklyn to Buenos Aires and Madrid to Malaysia this book will transport you to far flung places and bygone eras and consider the future of our botanical havens and the natural wonders they protect *Landscapes for the World* P. J. Fowler, 2004 Since 1972 UNESCO has been compiling a list of World Heritage sites worthy of protection and conservation for the long term Written by someone who has been involved with the selection of sites for UNESCO this book presents a personal insight into the process and what inspires and guides the decision making of its members Peter Fowler examines the idea of a cultural landscape how it is defined and why some landscapes are important and others less so Guiding the reader through some of the cultural landscapes designated as a World Heritage Site he also reveals some of the politics involved the rivalry between areas seeking protection and the contentious issues that arise Including Mount Athos in Greece Tikal National Park in Guatemala Kakadu National Park in Australia the Isles of Scilly and Hadrian's Wall it will be a thoroughly interesting and engaging book for anyone interested in the preservation of our cultural heritage worldwide Lisbon, City of the Sea Malcolm Jack, 2019-08-22 Lisbon City of the Sea is a beautifully written portrait of a much loved city from its origins in Greek legend to the present day Malcolm Jack vividly captures the rich and unique history of this haunting and attractive port whose prominent position on the Tagus estuary has inextricably bound its

character with the sea Lisbon is a city of steep inclines and complicated unsymmetrical streets that criss cross the hills only in the Baixa area near the river and in the more modern northern part of the city does any form of a grid system appear It has enjoyed a political history that has directed Portugal's focus more overseas than inland towards continental Europe in part because of Spain's geographical position Thus the city has been stretched in one direction toward Brazil and in another toward the Cape of Good Hope and from there to Asia and the East Beginning with its earliest inhabitants Jack traces the city's life through its imperial success in the sixteenth century and the devastating earthquake that humbled the city and shocked Europe in 1755 to its current position as a vibrant and successful European capital Lisbon's romantic atmosphere has captured the imaginations of foreigners through the ages Poets writers and musicians have all drawn inspiration from different parts of Lisbon This sensitive exploration of the city's many aspects draws out its cosmopolitan nature as well as its colourful culture and self image and brings us closer to understanding its true spirit Engaging and accessible this book will appeal to Lisbon's many visitors as well as anyone interested in European history Alexa Hampton Alexa Hampton,2023-10-03 From Alexa Hampton one of today's greatest interior designers and owner of Mark Hampton LLC comes a beautifully photographed memoir about her journey into design and the inspirations that shaped her iconic style The anatomies of my chosen surrounding are rich with meaning authentic and borrowed and are a snapshot or many snapshots of a lifetime spent in the world of design In her newest book Alexa Hampton takes you on a journey through her life's work her beautifully appointed pre war apartment on 59th street in Manhattan She highlights the art textiles and objects in her spaces along with the design and fashion tastemakers who inspired their use In doing so she acknowledges some of the big movements auctions and people that rocked the world of design and made an indelible mark on her An intimate look into Alexa's personal design process including the countless updates and redecorations of her own home this book is a personal history of interior design and a love letter to an iconic home **Sintra** Malcolm Jack,2002 Sintra is a unique and fantastic place It is a place to be visited and explored time and time again both on account of its magnificent natural scenery an alpine setting in the south of Portugal and its rich history entwined with that of the Portuguese Royal family Sintra A Glorious Eden evokes the spirit of this magical place a cool sanctuary for the monarchy from the overwhelming heat of the city of Lisbon The reader is introduced to the historical and literary background to what has become a symbol of Portuguese romanticism at home and abroad *Cultural Landscape in Practice* Giuseppe Amoruso,Rossella Salerno,2019-02-13 This book approaches cultural landscape as a driver for societal challenges economic development social inclusion place assessment and heritage conservation It explores issues stemming from the relation between conservation and emergencies and identifies descriptive tools for conveying knowledge and generating new expertise heritage skills seismic culture and social resilience The documentation of landscapes due in part to new technologies increasingly involves integrated methodologies and graphic outcomes such as Heritage BIM advanced 3D modeling and immersive environments According to recent

UNESCO recommends the process of mapping places is a necessary prerequisite for design action and also includes the emotional and perceptive dimension so as to represent space through visual thought and produce graphic materials. The chapters presented here will ultimately support efforts to overcome the emergency phase of reconstruction after natural disasters and by exploring relevant issues in recent studies will describe emerging tools that can help inspire practices that concern not only agrarian and urban but also historic urban landscapes. The work also presents planning tools to help preserve the integrity and authenticity of urban heritages. The book will benefit all scholars and practitioners who are involved in the process of understanding designing and transforming places and will foster an international exchange of research case studies and best practices to confront the practical challenges involved in keeping cultural landscapes alive.
