Skeletoal Familys Skeletons Of Eternity:

From Here to Eternity Caitlin Doughty, 2017-10-03 A New York Times and Los Angeles Times Bestseller Doughty chronicles death practices with tenderheartedness a technician's fascination and an unsentimental respect for grief Jill Lepore The New Yorker Fascinated by our pervasive fear of dead bodies mortician Caitlin Doughty embarks on a global expedition to discover how other cultures care for the dead From Zoroastrian sky burials to wish granting Bolivian skulls she investigates the world's funerary customs and expands our sense of what it means to treat the dead with dignity Her account questions the rituals of the American funeral industry especially chemical embalming and suggests that the most effective traditions are those that allow mourners to personally attend to the body of the deceased Exquisitely illustrated by artist Landis Blair From Here to Eternity is an adventure into the morbid unknown a fascinating tour through the unique ways people everywhere confront mortality

Nine Lives to Eternity Scott D. Gottschalk, 2010-12-11 Nine Lives to Eternity is a true chronicle of cheating death time and again This inspirational and faith driven human triumph details the aftermath of my many harrowing experiences and mishaps any of which should have resulted in certain death Each time I was somehow incessantly saved by guardian angels The numerous near death experiences accounted for twenty six fractured bones and rendered me unconscious on five separate occasions yet somehow I lived to tell my compelling story of survival and triumph over death By the release date of this book the good Lord has allowed me to somehow somehow survive up until and beyond the celebration of my fifty fifth birthday Trust me when I reiterate that my life hasn't been a painless journey while defeating death on a habitual basis Beginning as a mere infant at the age of nine months old and then continuing through fifty five years I've cheated death again and again During my life's journey I've survived an unfathomable twenty seven encounters with death I've escaped death through seven different machinery and equipment mishaps I've avoided horse or mule death challenges no fewer than five times Although one of my life's greatest pleasures has always been motorcycling I've paid a price by suffering through five singular accidents that should have terminated my life Few in life could survive even one automobile crash yet I've lived to describe three separate vehicular collisions In addition I've escaped death from toxic fumes twice and twice averted death threats while working within dangerous third world countries I've even fallen from a rooftop nearly crashed in an airplane and lived through a poisoning yet by the grace of God I've failed to become a fatality statistic I've often joked that for every day in which I don't read my own name within a newspaper obituary column that becomes a really good day for me To survive so many brushes with death is difficult to absorb My goal driven ambitions have unfortunately brought me to the threshold of death numerous times I've driven myself to limits that few would attempt Early in life I set a goal for myself to try and fit three lifetimes of experiences into my short time on this planet As a youth I never believed that I would survive beyond an age of forty years Most certainly my high risk behaviors reduced my odds for a lengthy existence As my life unfolded the numerous encounters with death became staggering Between the ages of nine

months up until nine years I faced death three times From the ages of ten years through my nineteenth birthday death crossed my pathway four more times During my tumultuous twenties from the ages of twenty years through twenty nine years I survived eight separate death encounters Between the ages of thirty years through thirty nine years my chances of death slowed down to two By the ages of forty years through forty nine years the Grim Reaper visited me on three separate occasions As I reached midlife I discovered that the pace of my death engagements was increasing From the ages of fifty years through fifty five years Id already amassed five singular close encounters with death Perhaps that assertion should come as no surprise Since reaching my fifties Id done little to slow down or reduce my zest for life and risk taking determination Few adults when faced with their own midlife crisis will attempt such outlandish feats as mountain climbing to the summit of Devils Tower in Wyoming or riding a motorcycle nonstop for ten thousand miles or consulting in the midst of a war within the country of Afghanistan Im thankful for each and every day that Im allowed the privilege of living I try to give thanks and praise to my Lord every day for granting me the tenacity to overcome even the worst of survival odds Through my strong faith and spirituality and by never accepting defeat Ive been able to constantly repel the onset of death
