The Psychology of War and Peace Fred van Houten, 2013-06-29 Can a Baby Be an Enemy Our world is in a deep prolonged crisis The threat of global nuclear war the chronic condition of local wars the imperilled environment and mass starvation are among the major forms this crisis takes The dangers of massive overkill overexploitation of the environment and overpopulation are well known but surprisingly little has been said about their potential interactions their bearing upon each other If there were to be a nuclear confrontation between today's superpowers it might not take place in today's world but in a far less friendly habitat such as the world may be some decades hence And it need hardly be added that the era of this particular super power configuration may be waning rapidly its place to be taken by other international arrangements not necessarily less threatening To understand and cope with our situation we need correspondingly serious reflection This volume forms a welcome part of that process Unavoidably a large part of our thinking about the issues of human survival must be oriented to physical and biological aspects of the total danger But it has not escaped the authors of this book that coupled with these aspects there are profound psychological dangers such as loss of the sense of futurity moral deterioration and a fatalistic decline in the will to struggle to protect our home the Earth The Comic Art Collection Catalog Michigan State University Libraries. Special Collections Division, 1993 This is the most comprehensive dictionary available on comic art produced around the world The catalog provides detailed information about more than 60 000 cataloged books magazines scrapbooks fanzines comic books and other materials in the Michigan State University Libraries America's premiere library comics collection The catalog lists both comics and works about comics Each book or serial is listed by title with entries as appropriate under author subject and series Besides the traditional books and magazines significant collections of microfilm sound recordings vertical files and realia mainly T-shirts are included Comics and related materials are grouped by nationality e.g. French comics and genre e.g. funny animal comics Several times larger than any previously published bibliography list or catalog on the comic arts this unique international dictionary catalog is indispensable for all scholars and

students of comics and the broad field of popular culture **The Routledge Companion to Superhero Studies** Lorna Piatti-Farnell, Carl Wilson, 2025-10-29 This Companion explores the evolution representation and meaning of superheroes within the broader popular media and culture landscape as connected to both contemporary and historical frameworks The volume proposes itself as a comprehensive resource in the interdisciplinary field of Superhero Studies acknowledging it as its own area of scholarly and cultural interest Superhero Studies brings together perspectives from a number of intersecting disciplines such as comics studies film studies television studies fandom studies game studies and beyond In answer to the evolutionary portrayals of superheroes in our cultures histories and narratives The Routledge Companion of Superhero Studies addresses the development transformation and meaning of these iconic figures by taking a transnational multimedia and interdisciplinary approach to assessing their importance in our evolving representational contexts *He-Man and the Masters of the Universe: The Hunt for Moss Man (Tales of Eternia Book 1)* Gregory Mone, 2022-05-24 Bestselling author Gregory Mone brings Mattel's He-Man and the Masters of the Universe together for a brand new adventure in the first book of this original middle grade series based on the hit Netflix show By the Power of Grayskull I have the Power A mysterious toxic gas is spreading across Eternia ravaging farmlands and endangering citizens The planet's only hope lies with Adam a lost prince with cosmic abilities When he wields the mystical Sword of Power he transforms from a scrawny teen into He-Man the most powerful man in the universe With his friends Teela Cringer Duncan and Krass by his side Adam embarks on a dangerous journey facing pirates dragons and perils at every turn in search of Moss Man a legendary figure who might hold the key to stopping the devastating stench Yet the sinister Skeletor and his Dark Masters will stop at nothing to thwart the unlikely heroes The fate of all Eternia rests with He-Man and his friends
